New Phone Setup For Schools Here

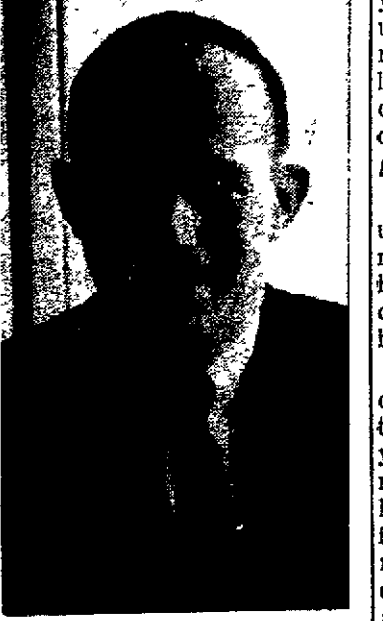

With the opening this morning of the new Gettysburg Area High School building, a new telephone system for the Gettysburg public schools went into operation. The new number through which all public school buildings now are to be reached is 334-6254.

That number will handle calls not only for both high school buildings but for the elementary school buildings as well.

Previously the high school and each elementary building had a separate listing in the directory and at the high school alone there were 12 listings. Each will now be reached through an extension from the main switchboard in the new building.

638 STUDENTS MOVE TO NEW SENIOR HIGH

Today was moving day for 638 Gettysburg High School students and 35 teachers. They represent the Tenth, Eleventh and Twelfth Grades at the Senior High School which moved from the old high school building to the district's new \$1,400,000 Senior High School in less than two hours. Principal

Charles E. Tressler, principal of Gettysburg High School, said only one and a half periods of instruction was lost by the move.

For the students it was all "brand new." The teachers were more familiar with the new rooms and equipment. For the last three weeks, after school hours, they have been moving equipment and supplies from their old rooms to the new ones until today all that was needed was to move a few articles. For the students it was simply a question of picking up their books and move to a new desk in a new room.

CAFETERIA UNOPENED

One part of the new school was not in operation today, the cafeteria. At noon today the Senior High School students rejoined the Junior High School students in what is now the Junior High School building for lunch.

The reason is that part of the cafeteria staff remained at the Lincoln School to serve lunch to the children there. Monday the

No Evidence Of Agreement On Critical Issues Shown At Kennedy-Mikoyan Meet

By JOHN M. HIGHTOWER
WASHINGTON (AP)—President Kennedy and Soviet First Deputy Premier Anastas I. Mikoyan have agreed that the United States and the Soviet Union will continue negotiations for a final settlement of the Cuban crisis.

But their lengthy White House conference failed to yield any evidence of progress toward agreement on other critical East-West issues.

The President and Mikoyan met for more than three hours late Thursday. U.S. officials had hoped the meeting would produce evidence of change in Soviet policies on arms control, or other global problems, in the wake of the crisis over Cuba.

NO SURPRISES

In this hope, they were apparently disappointed.

White House sources said that from the U.S. point of view the meeting did not provide any surprises that Mikoyan's discussion of Soviet policies produced nothing of a new or different character.

SAYS FEDERAL TAX CUT COULD CREATE "BOOM"

"Consumers spend twice as much money as business and government combined," Lawrence C. Murdock, business economist for the Federal Reserve Bank of Philadelphia, told members of the Chamber of Commerce Thursday evening at the annual dinner meeting held in the Hotel Gettysburg. Approximately 80 persons heard Murdock discuss "How We Spend Our Money."

The present trend indicates that the nation's economy will remain on the slow slide through 1963, "although a federal tax cut could create a real boom," he predicted. He said that, unless inventors introduce some revolutionary consumer item, spending will remain at a replacement level. He attributed the boom years following 1955 to automatic appliances, color television, luxury automobiles and modern housing.

"Company cars brought about a universal interest in compact dwelling," he pointed out in reviewing a renewed move back to apartment living. His charts showed a parallel in these two fields, and "while we still have young people moving to the suburbs, we have a greater movement back to the city." He believes that this population wants convenience and reduced costs of housing.

MARRIAGES DECREASE

"Their families now are grown up and they no longer want the responsibility of maintaining a home and lawn, which, in many cases, has become a status symbol."

He reminded the group that the decrease in marriages will continue for another three or four years because of the low birth rate during the late 30s. "We will have to wait a few more years for the 'population explosion' to marry and create another great demand for housing and appliances," he said.

He said that there is no great strength indicated in business spending through the next year. "Plants are not using their equipment to capacity and so they are not buying more machines. Their inventories are steady because consumers now have what they need. So we have a competitive market."

MEET COMPETITION

He illustrated this market by emphasizing the importance of appealing to the public through advertising gimmicks. He said

Auto Hits Wheels Of Tractor Trailer

Damage was estimated at \$300 by state police this morning to the car of Wilbur J. Noel, 26, New Oxford, when it collided with the left rear wheels of a tractor-trailer operated by William E. Brodbeck, 28, East Berlin.

Brodbeck, traveling west with the tractor-trailer, was in the center lane in the process of passing another vehicle when Noel, according to police, pulled into the highway from a private drive, planning to head east. His vehicle swung too wide and struck the wheels of the tractor-trailer. There was no damage to the tractor trailer. Police are continuing their investigation.

2 SCHOOLMEN RAP ACT 561 BEFORE AAUW

"If the public had taken an interest before legislation was passed most of the present chaos could have been prevented," Donald B. Hudson, superintendent of the Biglerville schools, told members of AAUW Thursday evening at a meeting in the YWCA. Hudson appeared with H. Edgar Riegler, Gettysburg schools' superintendent, to discuss Act 561 which has been under study by AAUW as part of its "megapolis" project.

Riegler told the group that "permissive legislation does not work in Pennsylvania. It took 34 years for the first joint school system to be formed, and it took 107 years and Act 561 to bring about a mandated reorganization of schools." The joint school program was legislated in 1854.

ATTACK ACT 561

The two schoolmen attacked Act 561 as being loosely drawn and lacking planning.

"Studies such as this groups now is making" could have guided the authors to create a better program of reorganization, they agreed.

Hudson criticized the manner in which the act was "pushed through" the legislature. He said that more emphasis should have been placed on the fact that it was a planning act to avoid the numerous amendments now necessary for the creation of an equitable and practical program.

He reminded the group that Adams County had moved toward reorganization as early as 1947 with the establishment of joint school systems, "but schools which made the move have been penalized because of the many districts throughout the state who dragged their feet" and brought about the mandate. Pennsylvania has 2,277 school districts. Act 561 would reduce the number to "600 or less."

RAPS DEPARTMENT

Hudson criticized the Department of Public Instruction for "confusion" in directives issued concerning the submission of plans by schools by the January 1, 1963, deadline. He said he is dubious about a "crash program" now to salvage legislation "that was not carefully planned."

In a vigorous question and answer period following the presentation of the proposed reorganization schedules, the schoolmen said they do not envision one large high school for the entire (Continued On Page 3)

2 SCHOOLMEN RAP ACT 561 BEFORE AAUW

"If the public had taken an interest before legislation was passed most of the present chaos could have been prevented," Donald B. Hudson, superintendent of the Biglerville schools, told members of AAUW Thursday evening at a meeting in the YWCA. Hudson appeared with H. Edgar Riegler, Gettysburg schools' superintendent, to discuss Act 561 which has been under study by AAUW as part of its "megapolis" project.

Riegler told the group that "permissive legislation does not work in Pennsylvania. It took 34 years for the first joint school system to be formed, and it took 107 years and Act 561 to bring about a mandated reorganization of schools." The joint school program was legislated in 1854.

ATTACK ACT 561

The two schoolmen attacked Act 561 as being loosely drawn and lacking planning.

"Studies such as this groups now is making" could have guided the authors to create a better program of reorganization, they agreed.

Hudson criticized the manner in which the act was "pushed through" the legislature. He said that more emphasis should have been placed on the fact that it was a planning act to avoid the numerous amendments now necessary for the creation of an equitable and practical program.

He reminded the group that Adams County had moved toward reorganization as early as 1947 with the establishment of joint school systems, "but schools which made the move have been penalized because of the many districts throughout the state who dragged their feet" and brought about the mandate. Pennsylvania has 2,277 school districts. Act 561 would reduce the number to "600 or less."

RAPS DEPARTMENT

Hudson criticized the Department of Public Instruction for "confusion" in directives issued concerning the submission of plans by schools by the January 1, 1963, deadline. He said he is dubious about a "crash program" now to salvage legislation, "that was not carefully planned."

In a vigorous question and answer period following the presentation of the proposed reorganization schedules, the schoolmen said they do not envision one large high school for the entire

FAMILY TALKS ARE HEARD BY NCCW DEANERY

"Family and Parent Education" with emphasis on home and school service was the theme for the quarterly meeting of the Conewago Deanery Council of Catholic Women Thursday evening, with St. Joseph's Parish Council, Hanover, as the hostess unit.

An introduction to the theme, which was an outline of the aims of the National Committee, month by month throughout the year, was given by the deanery president, Mrs. Paul E. Altoff, Littlestown. Guest speakers were Mrs. Leroy Smith, Hanover, R. 4, retired school teacher, who spoke about the preschool and the first grade child.

Mrs. Smith noted that with today's overcrowded classrooms a greater responsibility rests with the parents, that school is an everlasting triangle formed by parent, pupil and teacher and success can come only through wholehearted cooperation of all three. She recommended that a child be taken to church before starting to school, that he be taught common-sense habits rather than to write or to count, that he be given affection, respect, approval and help in order to feel secure and to develop the desire to learn.

CAPTAIN SPEAKS

Second speaker was Capt. Richard Klunk, Hanover, R. 3, who is head of the math department at Southwestern Jointure, president of the Delone PTA Association and a retired naval captain. His message dealt with the pupil of secondary educational level and he noted that only two per cent of the young people are delinquent. The other 98 per cent of the children are those of whom a parent can be proud, he said. Captain Klunk advocated that parents show respect for their children's teachers, that they provide a proper place for their children to study at home, that they give encouragement to their children and to be ready to praise for small deeds well done.

He also suggested the encouragement of worthwhile reading and the assuming of responsibility with part-time jobs or chores.

NURSE SPEAKS

Mrs. Marquette Lough, a registered nurse, graduate of St. Joseph's Hospital, Philadelphia, and currently school nurse at Delone and at Annunciation Parochial School, McSherrystown, spoke about the health helps, records and tests which are available for the first time this year under state aid for private schools, citing some experiences among the 1,900 children under her nursing care.

The program also included vocal selections by Darlene O'Donnell of the hostess parish, accompanied by her sister, Loretta O'Donnell. The latter also entertained with a piano solo selection. The meeting opened with prayer led by Msgr. Patrick F. McGee, pastor of Annunciation of the Blessed Virgin Mary parish, McSherrystown, salute to the flag, and welcome by Mrs. Joseph Ernst, president of the hostess parish council. Reports were heard from Miss Eleanor Miller and Mrs. Francis Renault. Names of a member from each parish council to serve on a nominating committee for deanery officers were submitted by the parish presidents in attendance. Those not submitting a name are asked to do so as soon as possible to the deanery president.

It was announced that national will conduct six institutes in 1963, one of which will be held at the Hotel Hershey from March 23 to 26. It was announced that report forms will be received by presidents and chairmen during December, and reports will be due by January 15 for the past six months. A reminder was given to "Keep Christ in Christmas" with appropriate cards, gifts, displaying of cribs. Ten dollars was voted as the deanery's share of a \$100 donation from the Diocesan council to support the "Help-a-Child" program. A film strip and tape recording entitled "Challenge" is available from the Diocesan secretary. A project to spread devotion to Our Lady of Fatima was introduced. It will be discussed in the parish council meetings during the coming month and a decision will be made at the next deanery board meeting to be held on Monday, January 14, at St. Aloysius Parish, Littlestown.

SAYS FEDERAL

(Continued from Page 1)

the "he-man," "the thinking man," "the football star," and what he calls "the sylvan school" of the outdoors have caught the attention of consumers to meet the competition.

He said that "as cars get longer, skirts get shorter," and trends usually appear in cycles. He believes that the compact car boom has ended and that consumers again want more elaborate styling and greater luxury. He said in 1959 the number of automobiles rose more rapidly than dollars spent because of the interest in compacts, which are less stimulating to sales and the nation's economy. "The romance with compacts is nearly over" and consumers in 1963 will buy more expensive automobiles, he believes. "We have a replacement margin," he said, in that consumers have extended the meaning of "necessity" to include the items that five years ago were considered "luxuries." Most families with an 18-year-old member have two cars, 90 per cent have television, 95 per cent have new refrigerators and automatic washers and 67 per cent own their own homes, he added.

FEDERAL SPENDING

"Federal spending is slower to rise than personal spending," he said.

Then course of business in 1963 will depend to a large extent upon what the government does, he forecast. Government spending is slower to develop jobs and new money for consumers, but in 1963 Murdock believes, the government will have to offset the lack of vigor in private spending. He said that, while the nation's deficits have helped the economy somewhat, total spending has declined.

He pointed to the cultural trend of consumers as one reason for the stability of the consumer market. He said that as families acquire the physical necessities they begin to save for the education of their children and plan for vacations in Europe. He calls this "the life enrichment level," and said it represents a "fickle consumer" that is difficult to sell. He says these services are far less stimulating to the nation's economy that the purchase of goods, because they do not provide more wages to workers.

Murdock was introduced by Paul B. Fox, vice president of the First National Bank of Gettysburg.

Members elected Ralph Will to the board of directors and re-elected Julian Estep and Nick Meligakes. Estep presided at the meeting.

"EVENING THANKS"

When the turmoil of the day subsides . . . and the winding path leads home . . . deep in my heart are thoughts of those . . . beneath my portal dome . . . however dark the road has been . . . now the way looks brighter . . . with every step it seems as though . . . my heavy heart gets lighter . . . it's wonderful how thoughts of home . . . make everything worthwhile . . . love has a God-sent power . . . to bring forth a warm smile . . . tenderness waits to greet me . . . so I hurry along . . . to my dear wife and children . . . and I pause before the threshold . . . thankful to my loving God . . . for the treasures waiting for me . . . and the path that I had trod.

county in the future, but feel a definite trend toward the establishment of several "specialized" centers. They see a vocational school and several academic and general centers.

They said that the academic program has advanced faster than vocational training because "it has been less expensive." However, they agree, "most parents today want a terminal education for their children" to prepare them for a livelihood upon graduation from high school.

3 DIFFERENT JOBS

"We need to prepare our children for three different types of jobs during their earning career," Reigle said, in pointing out the need for greater vocational, industrial and general education programs in public schools. He said the real challenge today lies in teaching pupils flexibility in training and how to make judgments on the facts available to them.

Reigle said that no provision has been made under Act 561 for adequate administrative staffs and that "this still will be the responsibility of the local boards."

TEACHER TRAINING

The two administrators agreed that within a few more years teachers will be forced to undergo a five-year teacher training program to enable them to teach satisfactorily. "Our children are already advanced beyond their teachers in many fields," they concluded, and agreed that "most people are more concerned about the educational program than about the physical expansion of schools."

The guests were introduced by Mrs. A. W. Butterfield who reported that the study committee under the direction of Miss Sue Ella Harper recommends that a pilot group explore the act before it is instituted in an attempt to remedy the inadequacies of the bill. The group opposes formation of a "larger district."

Mrs. William M. Lott, president, presided at the meeting and announced that the annual Christmas tea will be held December 19 at the home of Mrs. Philip L. Jones, W. Broadway.

Union Lawyer Fired After Telling Of Deal With Hoffa

By GAVIN SCOTT

NASHVILLE, Tenn. (AP) — Teamsters President James R. Hoffa and George S. Fitzgerald, his legal counsel and friend for 27 years, have parted bitterly in the midst of Hoffa's \$1-million conspiracy trial.

As the prosecution rested its case Thursday — following six weeks of testimony by 29 witnesses and featuring 263 exhibits — the Detroit News said in a copyrighted article that Hoffa fired Fitzgerald, who is from Detroit.

Fitzgerald's firing, the News said, followed a heated exchange last Monday between the men outside the federal courtroom here.

Fitzgerald, under subpoena as a government witness in Hoffa's trial, told the jury on Monday he swapped his personal check for \$15,000 to Hoffa in return for a dividend from Test Fleet, a trucking firm involved in the trial, made out to Hoffa's wife.

Fitzgerald testified the transaction was made at Hoffa's request and that the latter offered no explanation.

The News quoted Hoffa as telling Fitzgerald: "You're all through! Turn in your books and records. And you'd better start thinking about the \$75,000 loan."

The News said the loan purportedly had been obtained by Fitzgerald from the Teamsters Central State Conference, of which Hoffa is president.

CONFIRMS STORY

Fitzgerald, who has been a Teamsters attorney since 1935, is a former Michigan Democratic committeeman.

Hoffa said the Detroit paper was in error and told a newsman: "We didn't fire him, he resigned."

Fitzgerald, in a telephone interview from Detroit, told a newsman for the Nashville Tennessean Thursday night that "there was no talk of resigning at any time," and added: "It happened just like the paper (the Detroit News) said it happened."

As for turning over union books and records, as requested by Hoffa, Fitzgerald said he had neither books nor records.

"I talked with him (Hoffa) twice after that," Fitzgerald said, and he repeated it (the firing)."

Hoffa said the union had "made certain requests of Mr. Fitzgerald and that 'rather than comply he severed his relations with the union.'"

A "FABRICATION"

As for Hoffa's statements about him resigning, Fitzgerald told the Detroit Free Press Thursday night, they were "strictly a fabrication—garbage."

Hoffa said he had told all union lawyers—not just Fitzgerald—they would have to drop some of their clients and if necessary spend their full time with Hoffa.

Fitzgerald said Hoffa fired him.

638 STUDENTS

approximately 300 students at Lincoln School will move into the old high school, now the Junior High School, and then both schools will have their cafeterias in operation.

Tuesday is the last day for moving. Some shuffling of classrooms is scheduled after the present Seventh Grade at Lincoln School joins the Eighth and Ninth Grades in the Junior high building.

The move to the new Senior High School today revealed that the school board will have to give almost immediate consideration to possible enlargement of the new school. It was designed for 608 students — which was expected to be a maximum when the new school was built. Six hundred and thirty-eight moved in when it opened today.

DIPLOMATIC PROBING

While Kennedy had planned to deal with Cuba as the central issue of the meeting, he was also reported to believe that the session was a good opportunity for diplomatic probing about the possibility of a breakthrough on deadlocked issues, such as nuclear testing.

He apparently felt that if Soviet Premier Khrushchev wants to work toward an improvement in U.S.-Soviet relations, Mikoyan might throw out some hints to

that effect.

The emphasis which White House sources placed on the lack of anything new in Mikoyan's presentation made clear that this had not happened.

U.S. officials said Cuba was the dominant subject of the conference, but they described the discussion as wide-ranging. On specific points, they said there was a passing reference to the situation in the Southeast Asian country of Laos, some talk of disarmament, including nuclear testing, but no talk at all of Berlin.

county in the future, but feel a definite trend toward the establishment of several "specialized" centers. They see a vocational school and several academic and general centers.

They said that the academic program has advanced faster than vocational training because "it has been less expensive." However, they agree, "most parents today want a terminal education for their children" to prepare them for a livelihood upon graduation from high school.

3 DIFFERENT JOBS

"We need to prepare our children for three different types of jobs during their earning career," Reigle said, in pointing out the need for greater vocational, industrial and general education programs in public schools. He said the real challenge today lies in teaching pupils flexibility in training and how to make judgments on the facts available to them.

Reigle said that no provision has been made under Act 561 for adequate administrative staffs and that "this still will be the responsibility of the local boards."

TEACHER TRAINING

The two administrators agreed that within a few more years teachers will be forced to undergo a five-year teacher training program to enable them to teach satisfactorily. "Our children are already advanced beyond their teachers in many fields," they concluded, and agreed that "most people are more concerned about the educational program than about the physical expansion of schools."

The guests were introduced by Mrs. A. W. Butterfield who reported that the study committee under the direction of Miss Sue Ella Harper recommends that a pilot group explore the act before it is instituted in an attempt to remedy the inadequacies of the bill. The group opposes formation of a "larger district."

Mrs. William M. Lott, president, presided at the meeting and announced that the annual Christmas tea will be held December 19 at the home of Mrs. Philip L. Jones, W. Broadway.

Union Lawyer Fired After Telling Of Deal With Hoffa

By GAVIN SCOTT

NASHVILLE, Tenn. (AP) — Teamsters President James R. Hoffa and George S. Fitzgerald, his legal counsel and friend for 27 years, have parted bitterly in the midst of Hoffa's \$1-million conspiracy trial.

As the prosecution rested its case Thursday — following six weeks of testimony by 29 witnesses and featuring 263 exhibits — the Detroit News said in a copyrighted article that Hoffa fired Fitzgerald, who is from Detroit.

Fitzgerald's firing, the News said, followed a heated exchange last Monday between the men outside the federal courtroom here.

Fitzgerald, under subpoena as a government witness in Hoffa's trial, told the jury on Monday he swapped his personal check for \$15,000 to Hoffa in return for a dividend from Test Fleet, a trucking firm involved in the trial, made out to Hoffa's wife.

Fitzgerald testified the transaction was made at Hoffa's request and that the latter offered no explanation.

The News quoted Hoffa as telling Fitzgerald: "You're all through! Turn in your books and records. And you'd better start thinking about the \$75,000 loan."

The News said the loan purportedly had been obtained by Fitzgerald from the Teamsters Central State Conference, of which Hoffa is president.

CONFIRMS STORY
Fitzgerald, who has been a Teamsters attorney since 1935, is a former Michigan Democratic committeeman.

Hoffa said the Detroit paper was in error and told a newsman: "We didn't fire him, he resigned."

Fitzgerald, in a telephone interview from Detroit, told a newsman for the Nashville Tennessean Thursday night that "there was no talk of resigning at any time," and added: "It happened just like the paper (the Detroit News) said it happened."

As for turning over union books and records, as requested by Hoffa, Fitzgerald said he had neither books nor records.

"I talked with him (Hoffa) twice after that," Fitzgerald said, and he repeated it (the firing)."

Hoffa said the union had "made certain requests of Mr. Fitzgerald and that 'rather than comply he severed his relations with the union.'"

A "FABRICATION"
As for Hoffa's statements about him resigning, Fitzgerald told the Detroit Free Press Thursday night, they were "strictly a fabrication—garbage."

Hoffa said he had told all union lawyers—not just Fitzgerald—they would have to drop some of their clients and if necessary spend their full time with the union. Fitzgerald said Hoffa fired him.

and John J. McCloy have been negotiating with Soviet Deputy Foreign Minister Vasily V. Kuznetsov for several weeks, on specific problems involved in easing the U.S.-Soviet confrontation over the installation of Soviet offensive missiles in Cuba.

While no details of the conversation were made public, Kennedy presumably emphasized to Mikoyan two main points about the U.S. attitude toward Cuba.

1. That until some kind of on the spot inspection is provided, the United States will continue aerial surveillance over the island.

RED BASE IN CUBA

2. That even though Soviet missiles have been removed, the United States strongly objects to any use of Cuba as a military base by the Soviet Union.

The Soviet Union still has thousands of military technicians and troop units in Cuba and a number of short-range missile bases, including 24 anti-aircraft missile installations, which Kennedy would like to have dismantled.

Mikoyan was scheduled to have lunch with Secretary of State Dean Rusk and other officials at the State Department today and dine tonight with Secretary of the Interior Stewart Udall, who recently visited the Soviet Union. Mikoyan is due to leave Saturday for Moscow.

SMALL GATHERING

The White House conference was a small gathering. On the U.S. side, in addition to Kennedy, were Rusk and Llewellyn Thompson, an administration adviser on Soviet affairs who recently completed several years as U.S. ambassador to Moscow. Mikoyan was accompanied by Soviet Ambassador Anatoly Dobrynin. Each side had two interpreters present. Mikoyan spoke in Russian.

U.S. officials said Cuba was the dominant subject of the conference, but they described the discussion as wide-ranging. On specific points, they said there was a passing reference to the situation in the Southeast Asian country of Laos, some talk of disarmament, including nuclear testing, but no talk at all of Berlin.

DIPLOMATIC PROBING

While Kennedy had planned to deal with Cuba as the central issue of the meeting, he was also reported to believe that the session was a good opportunity for diplomatic probing about the possibility of a breakthrough on deadlocked issues, such as nuclear testing.

He apparently felt that if Soviet Premier Khrushchev wants to work toward an improvement in U.S.-Soviet relations, Mikoyan might throw out some hints to that effect.

BURY MISS VAUGHN

that effect. The emphasis which White House sources placed on the lack of anything new in Mikoyan's presentation made clear that this had not happened.

Mrs. Hobson Crouse, Christian service chairman, and Miss Stallsmith, membership chairman.

Mrs. Lighter, leader of the Rachel Circle, paid a tribute to Mrs. Charles E. Stallsmith, a former member of that circle who died July 15, and announced a gift of \$25 to the fund for a Lutheran Home for the Aging in Adams County from that circle in memory of Mrs. Stallsmith.

Mrs. Deardorff announced that the Phoebe Circle, Mrs. Henry M. Krick and Mrs. Almena Motaka, leaders, and the Priscilla Circle, Mrs. Schildknecht, leader, will conduct a service at the Adams County Home for the Aged December 16; an Adams County District Assembly of the LCW January 8 at 7:30 p.m. will be conducted by Mrs. Edgar D. During the period when members were being assigned to new circles, the St. James Sunday School Women's Chorus presented several selections which they will give at the McKnightstown United Church of Christ Sunday evening. A fellowship hour followed when members of the Deborah Circle, Mrs. Richard G. Cline, leader, and the Esther Circle, Mrs. Carl E. Prosser, leader, were hostesses. BURBANK, Calif. (AP)—Lockheed Aircraft Corp. and its aerospace workers today went back to work—and back to the conference table—after a brief strike was ended at least temporarily.

FAMILY TALKS ARE HEARD BY NCCW DEANERY

"Family and Parent Education" with emphasis on home and school service was the theme for the quarterly meeting of the Catholic Women Thursday evening, with St. Joseph's Parish Council, Hanover, as the hostess unit.

An introduction to the theme, which was an outline of the aims of the National Committee, month by month throughout the year, was given by the deanery president, Mrs. Paul E. Altoff, Littlestown. Guest speakers were Mrs. Leroy Smith, Hanover R. 4, retired school teacher, who spoke about the preschool and the first grade child.

Mrs. Smith noted that with today's overcrowded classrooms a greater responsibility rests with the parents, that school is an ever-lapping triangle formed by parent, pupil and teacher and success can come only through wholehearted cooperation of all three. She recommended that a child be taken to church before starting to school, that he be taught common-sense habits rather than to write or to count, that he be given affection, respect, approval and help in order to feel secure and to develop the desire to learn.

CAPTAIN SPEAKS

Second speaker was Capt. Richard Klunk, Hanover R. 3, who is head of the math department at Southwestern Jointure, president of the Delone PTA Association and a retired naval captain. His message dealt with the pupil of secondary educational level and he noted that only two per cent of the young people are delinquent. The other 98 per cent of the children are those of whom a parent can be proud, he said. Captain Klunk advocated that parents show respect for their children's teachers, that they provide a proper place for their children to study at home, that they give encouragement to their children and to be ready to praise for small deeds well done.

He also suggested the encouragement of worthwhile reading and the assuming of responsibility with part-time jobs or chores.

Mrs. Marquerite Lough, a registered nurse, graduate of St. Joseph's Hospital, Philadelphia, and currently school nurse at Delone and at Annunciation Parochial School, McSherrystown, spoke about the health beliefs, records and tests which are available for the first time this year under state aid for private schools, citing some experiences among the 1,900 children under her nursing care.

SAYS FEDERAL

(Continued from Page 1)

the "he-man," "the thinking man," "the football star," and what he calls "the sylvan school" of the outdoors have caught the attention of consumers to meet the competition.

He said that "as cars get longer, skirts get shorter," and trends usually appear in cycles. He believes that the compact car boom has ended and that consumers again want more elaborate styling and greater luxury. He said in 1959 the number of automobiles rose more rapidly than dollars spent because of the interest in compacts, which are less stimulating to sales and the nation's economy. "The romance with compacts is nearly over" and consumers in 1963 will buy more expensive automobiles, he believes. "We have a replacement margin," he said, in that consumers have extended the meaning of "necessity" to include the items that five years ago were considered "luxuries." Most families with an 18-year-old member have two cars, 90 per cent have television, 95 per cent have new refrigerators and automatic washers and 67 per cent own their own homes, he added.

FEDERAL SPENDING

"Federal spending is slower to rise than personal spending," he said.

Their course of business in 1963 will depend to a large extent upon what the government does, he forecast. Government spending is slower to develop jobs and new money for consumers, but in 1963 Murdock believes, the government will have to offset the lack of vigor in private spending. He said that, while the nation's deficits have helped the economy somewhat, total spending has declined.

He pointed to the cultural trend of consumers as one reason for the stability of the consumer market. He said that as families acquire the physical necessities they begin to save for the education of their children and plan for vacations in Europe. He calls this "the life enrichment level," and said it represents a "fickle consumer" that is difficult to sell. He says these services are far less stimulating to the nation's economy than the purchase of goods, because they do not provide more wages to workers.

Murdock was introduced by Paul B. Fox, vice president of the First National Bank of Gettysburg. Members elected Ralph Will to the board of directors and re-elected Julian Estep and Nick Meligakes. Estep presided at the meeting.

CHICAGO (AP) — The nation's traffic death toll in the first 10 months this year—33,430—was a record high for any similar period.

The National Safety Council said the deaths, averaging 110 a day, compared to 30,720 for the first 10 months in 1961, an increase of 9 per cent. The previous record for the period was 32,357 highway deaths in 1957.

Local Girls In Beauty Contest:
Two Adams County girls and two from Hanover are among the 13 Gettysburg College campus beauties photographed this week for judging by Harry Conover, well-known model agency head, for the honor of campus beauty queen in this year's edition of the Spectrum, Gettysburg College's annual publication.

Included among the 13 most beautiful girls on the campus are: Caroline Blocher, daughter of Mrs. David Blocher, 28 W. Middle St.; Nancy Acker, New Oxford, and Lorraine Diller and Sue Wentz, both of Hanover.

The girl selected as queen and the two runners-up will reign at the annual junior prom to be held at the college February 6. The girls are having their portraits taken at the Lane Studio here.

Barbara Henderson In Hockey Tourney: Miss Barbara Henderson, daughter of Dr. and Mrs. Ira M. Henderson, Fairfield, a student at the Boston University College of Physical Education for Women-Sargent, was recently chosen for the all-Boston college hockey team. The team recently played the British touring hockey team at Wellesley College and will meet the British team again at Smith College for the northeast tournament title.

Miss Henderson, a Senior at Sargent, was an instructor in Boston University's Sargent College camp and Sargent summer camp in New Hampshire last summer.

Asks Times To Help Find Girl: The Gettysburg Times and other newspapers throughout the country have been asked to aid Mrs. Mary A. Robbins, Portland, Me., in the search for her 16-year-old daughter, Velva Joy Robbins, missing from home since August 20, 1945.

The girl is described as weighing 120 to 130 pounds, dark blonde hair, blue eyes and freckles with medium to light complexion. Her height is five feet, four inches.

The Portland Police Department, in circulars sent to all major newspapers in the country, says that Miss Robbins will look older than her age and may be wearing her hair done up or cut short. "She has experienced a mild psychological disorder and was under treatment when she left home, and may be the victim of amnesia," the circular says.

Regular police channels have already been utilized in the search and Mrs. Robbins has employed private detectives and other means in the search. Any information should be telegraphed to the Portland Police Department, Portland, Me., Western Union, collect.

Says Hunters Will Find Deer Scattered Here: Hunters seeking deer in Adams County will have to exercise all of their skill if they wish to bag some venison during the season starting Monday.

That was the word passed on today by Game Protector Leo Bushman who asserted that while there are as many deer in the county now as there were last year, the animals have spread out all over the county and he who wants one will have to spend some extra time in the search.

Even though the deer are as plentiful as they were last year, that still is "not too many," Mr. Bushman pointed out. During the past 20 years food conditions have changed in the mountains and the habits of the deer in relation to their location has changed as well, he added.

Bus Service In Gettysburg Opens Next Week: Charles E. Pitzer this morning announced that his new bus service within the borough limits of Gettysburg will start to operate Wednesday morning beginning at 6 o'clock.

The Public Utilities Commission of Pennsylvania has issued a certificate to Mr. Pitzer to operate his bus line in Gettysburg. Pitzer will appear before council Monday night to outline his service and to explain the purpose and objec-

Today's Talk

TRAPPINGS
There aren't so very many essential material things to life. With the maturity of understanding, this truth comes home. Most of us carry about with us useless trappings that only hinder our growth and tend to darken our hearts.

To work, to love, to laugh, to serve — a tear here and there — a clasp of the hand of a friend, the silent willing of the heart for such as need.

A futile search for El Dorado! And then we say: Good Night! To many of us, wants may be as numerous as the sands of the sea — but our genuine needs remain but very few.

I have traveled much over the years and found that I always carried away with me far more than I needed, or had occasion to use.

I used to think I would like multiple friends, scattered everywhere — but now, I find that "just a friend or two" will do — the mere handful, but, as Stevenson says: "Those without capitulation."

The serious tasks of life soon strip our trappings from us. Even our hearts are all too often bared to the world. The years soften the highlights, often reducing the dark background of our lives to tones of the mellowest gray and blue. When we have faced storms, and endured them, we demand no striking contrasts. We ourselves are of them.

Even our hoardings show no complicity. Within beauty and understanding lie more precious mines than all those that have heaved from their depths gold, silver, or priceless gems.

The matchless string of pearls tells a salient and silent story of hurts that are matured in shells, deep down in the sea, and, when placed about the neck of one who loves them, no other adornment is necessary. All else would be as trappings.

Simple love and service, each is always sufficiently adorned!

One of his principal features will be to transport school children within Gettysburg to their respective schools in the morning and, insofar as possible, for the noon luncheon and the return after schools close in the afternoon. He will also transport workers to the industrial plants.

Pitzer's certificate authorizes service within the borough limits and to two points outside the borough. Haines Restaurant on the Emmitsburg Rd. and Grandview Terrace on the Biglerville Rd.

Miss Viola Sachs To Be Reappointed: Miss Viola Sachs, deputy register and recorder of Adams County for eight years under Winfield G. Horner, who retires from office January 1, will be reappointed to that position by the incoming prothonotary, Harry D. Ridinger, the latter announced today.

Mr. Ridinger also said he has asked Mr. Horner to remain in the office as a deputy for the first several months of Ridinger's term to help him learn the duties of the office.

Before going to the register's office, Miss Sachs served for four years as deputy prothonotary when C. Arthur Brame was in that office.

Son To Succeed D. S. Kitzmiller: D. Sandoe Kitzmiller, superintendent of the Evergreen Cemetery since 1920, will retire from that position November 30 and will be succeeded by his son, Howard C. Kitzmiller, formerly of Gettysburg but for the last several years a resident of York.

Mr. and Mrs. Sandoe Kitzmiller are moving today from the cemetery residence to the Hutchison Apartment building at the corner of W. Middle and S. Washington Sts. Mr. and Mrs. Howard Kitzmiller expect to move from York Saturday. Mr. Kitzmiller has

BILLY GRAHAM VISIT TO JAPAN BEING PLANNED

By ALAN CLINE

TOKYO (AP) — Japanese Baptists plan to bring evangelist Billy Graham and 600 Southern Baptists to Japan next year in a nationwide drive to increase their small flock.

The lay people will split into four-man teams, fanning out into 147 Japanese cities in what a top Graham aide called a crusade of unmatched scope and magnitude.

Leaders of the 15,000-member Baptist Convention of Japan and the 135 American missionaries here stress the Japanese church itself is behind this "New Life Movement" and that Graham and the 600, most of them Texans, are merely coming to help.

SITUATION DIFFERENT
The difference between running the show and helping out means much here.

Earlier this year Southern California evangelist Bob Pearce brought a crusade to Japan amid much criticism by Japanese Christian leaders. They contended Pearce's visit was not Japanese-oriented and had political motivations because Pearce once spoke of the need of "protecting Japan from communism."

The Rev. Shuichi Matsumura, a Tokyo Baptist pastor and executive director of the New Life Movement, told newsmen he and his group feel that there will be no reaction to the 1963 effort because "factors are different."

"This movement is Japanese in origin and promotion," he said.

TO VISIT 5 CITIES
Graham is expected to arrive in Tokyo March 29 after holding crusades in Manila, Hong Kong and Formosa.

The 44-year-old evangelist is to speak in five major Japanese cities and meet with pastors and laymen's groups.

The teams, made up of an American pastor and three laymen, will be in the field from the northernmost island of Hokkaido to southernmost Kyushu.

Total cost of the effort is put at \$300,000. Coleman D. Clark, secretary of evangelism in the Japan Baptist Convention, said the 89 Japanese churches would contribute probably 10 per cent of the cost with the Texas Baptist Convention pledged to pick up the difference.

UNITED NATIONS, N.Y. (AP) — The U.N. Security Council today recommended unanimously that U Thant of Burma be chosen regular secretary-general of the United Nations to serve until Nov. 3, 1966. The General Assembly was expected to elect Thant this afternoon.

been employed by the Pennsylvania Railroad there. He previously worked for Blaw-Knox.

Mr. Kitzmiller succeeded the late Harry S. Trostle as superintendent December 1, 1920.

Tax Deadline Monday; To Add Five Pct. Penalty: Gettysburg residents who have not paid their school taxes can save \$169.56 if they pay them to Borough Tax Collector J. Herbert Weikert on or before next Monday.

School taxes may be paid at par up to 5 o'clock Monday afternoon. Mr. Weikert's office, E. Middle and Stratton Sts., will be open Monday until that time to receive tax payments. Beginning Tuesday, five per cent will be added to all unpaid school taxes.

The school duplicate this year was \$64,730.49. Of this amount, all but \$3,391.12 has been paid, Weikert said. The five per cent penalty on the unpaid balance amounts to \$169.56.

The Gettysburg Church of the Brethren, Biglerville Rd., will launch a campaign Sunday to erase the \$40,000 debt on this church edifice dedicated nearly 10 years ago. Fifty members will be commissioned to seek pledges that will pay off the debt by 1965.

CHURCH OF

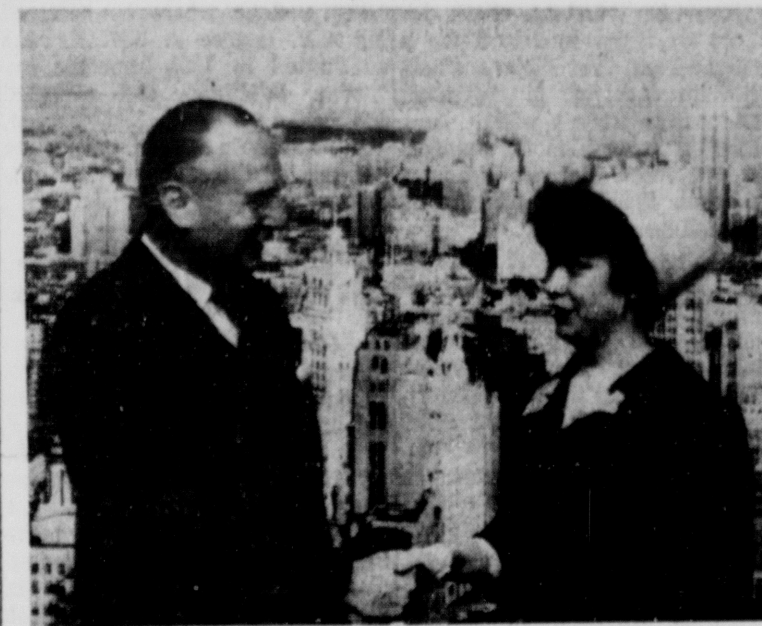

(Continued from Page 1)

tee headed by Paul K. Hoover, Gettysburg R. 6, has prepared and mailed letters and prepared packets for the visitors. A concerted effort is being made by the publicity committee to have every family in the parish present on Sunday morning for the consecration service.

It is expected that in excess of 150 commitments will be made by members and friends of the parish in amounts that vary from units of \$25 by children and youth to over \$2,000 gifts by adults. The goal is \$40,000 which will eliminate indebtedness on the building by 1965. This is in addition to the regular giving for the on-going program of the church.

Ground was broken in 1951 for the new stone edifice on the Biglerville Rd. and the building was completed and dedicated in late January of 1953. The building with its furnishings and the 13½-acre site cost in excess of \$225,000. After the dedication there was a debt of over \$80,000 which has been reduced by half.

The Rev. Mr. Simmons has been pastor of the church since July, 1958. Today the congregation has a baptized membership of 320 members. During the last year morning worship attendance averaged 180. By paying off the debt soon, not only will it be possible to save considerable interest and add to facilities as deemed wise, but it will become possible for the congregation to extend her outreach in areas not served at the present and this is reason enough for this important program, church leaders said.

Pennsylvania's state winner of the National 4-H Home Economics competition, Mary Jane Bowman, 217 N. Oxford Ave., McSherrystown, is congratulated by John A. Barr, left, chairman of Montgomery Ward and Company. The occasion was a reception and dinner Sunday, given in the Mid-America Club on the 39th floor of Chicago's tallest building by Montgomery Ward, sponsor of the home home economics program. The event honored 50 state winners in the program, who were attending the 4-H Congress in Chicago as guests of Wards, for 40 years a national sponsor of 4-H activities.

STOCKS PRICES SLIP

NEW YORK (AP)—Stock market prices slipped lower early this afternoon after an irregular start. The market was active but not up to the pace of recent sessions.

Changes of most key issues were extremely small. A few stocks were off a point and some of the wider movers a bit more. Most autos were off small fractions with Chrysler ahead a minimum fraction.

A secret ballot law passed in 1880 applied only to municipal elections in Louisville, Ky.

OWNERSHIP
I don't know how to say it
And I don't know how to write it.
I don't know how to play it
Or to sing it or recite it,
But I never see the sky,
Sun and moon or stars that shine
Or a white cloud sailing by
Without thinking they are mine.
I've a curious obsession
And from it I'm never free.
I'm in absolute possession
Of the countless things I see.
Friendly smile and twinkling eye;
Tree in bloom or climbing vine;
If I see them passing by
For that moment they are mine.
Fields of flowers and mountain ranges,
Vessels nosing out to sea
And the sunset's golden changes;
One and all belong to me.
Does a bird before me rise
Singing melodies divine?
I have but to lift my eyes
And the joy of it is mine.

XMAS SHOWS WILL START ON TV NEXT WEEK

By CYNTHIA LOWRY

AP Television-Radio Writer
NEW YORK (AP) — Television is permitting us to enjoy some of our Christmas gifts early this year—next Thursday night's 90-minute NBC version of "Cyrano de Bergerac," for instance.

The Hall of Fame Show, starring Christopher Plummer as Cyrano and Hope Lange as Roxane, looms as the week's big event (9:30-11 p.m. EST, Thursday) but it is by no means the only item of interest.

Tonight, for example, there is NBC's "World of Jacqueline Kennedy," (10-11), which took months to assemble.

REPEAT SHOW

Sunday's special item is a dramatic original, "Mutiny," based on a real incident of the 19th century in which a young apprentice seaman was hanged, Dana Andrews and Robert Walker star in the "Show of the Week" program.

A repeat performance by Leonard Bernstein and the New York Philharmonic Orchestra, "The Creative Performer," will be shown on CBS Monday night (7:30-8:30). Igor Stravinsky is honored.

Jack Benny's guest star Tuesday night is Bob Hope (CBS, 9:30-10).

Circle Theater on Wednesday (CBS, 10-11 p.m.) is "The Assassin," and concerned with Russian espionage.

Bullets Open 25-Game Schedule Against Owls In Palestra Saturday

Three returning lettermen including two starters from last season will be on hand when Gettysburg College inaugurates its 1962-63 basketball season Saturday night when it faces Temple University. The clash is the first of a twin-bill in the Penn Palestra. LaSalle and Creighton will square off in the second game. The Bulletin game will be broadcast by WFIL.

The only two starters returning from last year's team, which posted an 18-3 record, are 6'5" junior Roger Gaekler, Glen Rock, and Ted Koerner, a 6'1" senior from Lahaska. Junior Doug Kepner, 6'6" junior center from St. Charles, Mo., formerly of Berwick, is the third letter winner on the squad.

Junior Don Szedga, 5'10", Chester, who had the tough job of playing behind Bob Parker a year ago, will step into the play-making role. Szedga, who is much like Parker, is a fiery team leader who has the ability of controlling the pace of the game. He is a fair shot, but is strong on defense. Sophomore George Strouse will be called upon to fill the shoes of Ron Warner. Strouse led last season's frosh with 481 points for a 22.9 average per game. The 5'11" Norwich, Conn. native was also the runner-up in the rebounding department.

ECCKER ADDS HEIGHT

Coach Bob Hulton, starting his sixth season at the Gettysburg helm, is expecting to receive plenty of help on the boards from another sophomore, Roger Ecker, 6'4", the lone Gettysburg High product on the team. Ecker was the leading rebounder on last year's team. Junior Dick Hofmann, 6', Short Hills, N. J., plays a hot and cold game, but can cause a lot of trouble around the boards and has a better than average jump-shot from the key.

Hulton's major problem will be the lack of depth, especially where height is concerned. It is hoped that as the season progresses, such men as sophomores Chet Hetkowski, 6'2", Oreland; Charles Gault, 6'2", Mechanicsburg, and senior Al Sanborn, 6'5", Ridgewood, N. J., will be able to fill this gap.

Saturday's encounter will mark the first of a 25-game schedule for the Bullets, with 13 on the home court. Next Tuesday Albright comes here for the initial home game.

Gettysburg and Temple have met 19 times since the first meeting in 1917. Temple has rolled up 15 decisions compared to the Bullets' four. Temple walked off with a 59-44 verdict a year ago. The last Gettysburg win came in 1959 when the Bullets outlasted the Owls 76-74 in overtime.

Temple will have one of its tallest squads in years, but lost its starting team from 1961-62 plus several key reserves. The Owls will also have three lettermen returning this year. The big man in coach Harry Litwack's plans is sophomore Jim Boyle, 6'8". Ken Kramer, 6'3", Elmer Sneathen, 6'4" and Gary Kasmer, 6', provide the nucleus for this year's team.

TROJANS ARE FAVORED TO TAKE IRISH

By BOB GREEN

Associated Press Sports Writer

Southern California, attempting to nail down the national championship for the West Coast for the first time since 1939, goes against rebounding Notre Dame Saturday in the climax game on college football's wind-up weekend of the regular season.

The program also includes such tidbits as the colorful, traditional Army-Navy clash in Philadelphia and closing action for national powers Mississippi, Alabama and Oklahoma.

Mississippi and Alabama are expected to announce acceptance of bids to the Sugar and Orange Bowls, respectively, immediately after their games, which would complete the line-up for the major postseason classics.

SURE OF BOWL

Southern Cal already has secured the Rose Bowl berth opposite Wisconsin, but must get past the Fighting Irish to complete an unblemished season and retain solid control of the No. 1 spot in the nation.

The Trojans rule a one-touchdown favorite to turn back the Irish, but a form reversal is a decided possibility.

Coach Joe Kuharich's lads from South Bend have stormed to four straight victories after a shaky start.

EXPECT 85,000

A crowd of about 85,000 is expected for the game in Los Angeles, while about 101,000 including President Kennedy are expected for the service classic in Philadelphia Stadium. The game also will get national television coverage (CBS, 1:30 p.m. (Eastern Standard Time)).

It's strictly a pick-em affair between the Cadets and the Middles, with President Kennedy expected to break tradition and go to midfield for the pregame coin tossing.

Titles and bowl bids don't enter the picture for the colorful clash but Army pride does. Coach Paul Dietzel, hired this season to break Navy's string of three straight, has used his three-platoon magic to forge a 6-3 regular season record. Navy, seeking a record fourth straight over Army, is 4-5.

OLE MISS, SURE THING

Mississippi, ranked third in the nation, is a solid favorite to close out an unbeaten, untied season against Mississippi State, Alabama, No. 5 with an 8-1 record, also is favored over a tough Auburn team.

Oklahoma, No. 8, already has the Orange Bowl spot and the Big Eight title and has little but prestige at stake against Oklahoma State.

Scouts from both the Gator and Gotham Bowls are expected to scout the Florida-Miami night game, while Texas Christian still has some bowl hopes going into its game with Southern Methodist.

In other Saturday games, Georgia Tech and Georgia meet in their traditional affair; Tennessee is at Vanderbilt; Rice at Baylor; Virginia at Rutgers; UCLA at Utah; Holy Cross at Boston College and Cincinnati at Houston.

FLORIDA A&M ARE CHAMPS

MIAMI, Fla. (AP)—Jake Gaither's Florida A&M Rattlers are the national small college football champions today and the coach credits it all to "the burning desire to win."

Also to a couple of halfbacks who can run the 100 in under 9.5 seconds—Robert (China Doll) Paramore and Bob Hayes, who happens to share the world 100-yard record of 9.2 seconds.

The all-conquering Rattlers, who'll play Jackson, Miss., College in the Orange Blossom Classic here Dec. 8, posted a 9-0 regular season record this year, pushing their winning streak to 21 games.

They won their just reward today when The Associated Press' panel of eight sports writers named them No. 1 in the final small college poll of the season.

The Rattlers finished just one scant point ahead of Wittenberg, Ohio, with another unbeaten team, Central Oklahoma, third. Southern Mississippi, Lenoir Rhyne, Texas A&I, Northern Illinois, Fresno State, St. John's, Minn., and Southeast Louisiana rounded out the final Top Ten.

FAVOR MEXICAN

MADRAS, India (AP)—Antonio Palafox of Mexico drew Joydeep Mukerjee of India today for the opening singles match of the interzone Davis Cup tennis final Saturday on the newly built island courts.

The Mexicans, who upset the United States in the American zone final, are favored to win the interzone and qualify to play Australia for the cup in Brisbane, Australia, starting Dec. 28.

MAJOR ROLES FOR STAUBACH AND SEYMOUR

By BOB HOOBING

Associated Press Sports Writer

PHILADELPHIA (AP)—Sophomores like Roger Staubach and John Seymour figure to play the biggest role in Saturday's 63rd Army-Navy football classic since yearlings dominated the 1953 game.

And if sophomores are supposed to be unpredictable so is the outcome of this bitter struggle which will be viewed by President Kennedy, 101,000 other Philadelphia Stadium spectators and a national television (CBS-TV, 1:30 P.M., EST) audience.

Neither bowl trips nor rankings are at stake yet victory never was more important in this hectic series and the pregame war of nerves never hotter.

HARD-SELL JOB

Like 1953, Army has lost the three previous meetings. In fact the Cadets have won only three of the last 12. Army Coach Paul Dietzel has done a hard-sell job on West Point morale aiming toward the mission for which he was lured away from Louisiana State in January—beat Navy.

Predecessor Dale Hall couldn't do it and was fired after dropping a 17-12 verdict to the Middles last year. Navy's Wayne Hardin, who thrives on controversy and has charged there may be an illegal handoff in the Army kickoff return play, has a burning desire to become the first coach in Annapolis annals to whip Army four straight.

AMAZING RUNNER

Staubach is the amazing passer-runner who played only six minutes in the first three games, then took command as regular quarterback and has stood out even as the Middles have lost their last three starts. Fullback Pat Donnelly, linebacker Fred Marlin and other key figures also are sophomores.

Staubach has 1,009 yards in total offense and a 66 per cent pass completion mark. Donnelly is the top Middle rusher.

On the Cadet side sophomores Seymour, Ray Paske and Don Parcells rank 1-3-4 in rushing yardage. Seymour, also No. 2 pass receiver, is one of six sophs on the GO team of offensive specialists.

Navy (4-5) has the edge in offense and toughness of schedule. Army (6-3) has the better record and defense.

TIE IN TOURNEY

WEST PALM BEACH, Fla. (AP)—Two dark horses, Rod Funnell of Spokane, Wash., and Butch Baird of Galveston, Tex., were tied for the lead going into today's second round of the 72-hole, \$20,000 West Palm Beach Open Golf Tournament.

Funnell heated up the chilly West Palm Beach Country Club links with a 34-34-68 and Baird was even hotter going out, 32-36-68, on the par 35-35-72 layout of 6,800 yards.

Seven players were deadlocked at 69. Another seven were tied at 70.

TO DEFEND TITLE

TORONTO (AP)—The Winnipeg Blue Bombers defend their title against the Hamilton Tiger-Cats Saturday in the Grey Cup game, the Canadian Professional Football League's championship game.

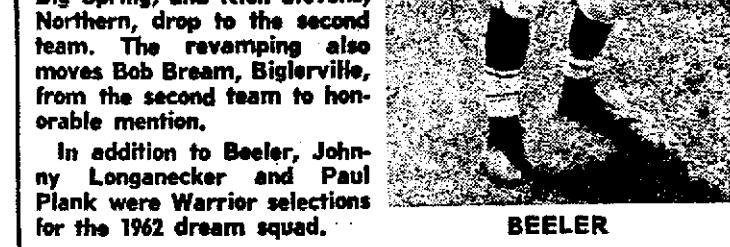

The game will be telecast (ABC-TV), throughout the United States on a delayed basis. The telecast will begin at 4 p.m. EST, about 30 minutes after the game has ended in Canada.

Beeler Makes First Team

An error in the tabulation of the total votes for the Blue Mountain League All-Star football team was discovered Thursday evening which revealed that Bob Beeler, Gettysburg High School senior, won a first place berth instead of a second team position as previously reported.

As a result of the check Beeler teams with Jim Close of East Pennsboro as the first team ends while Stan North, Big Spring, and Rich Stevens, Northern, drop to the second team. The revamping also moves Bob Beeler, Biglerville, from the second team to honorable mention.

In addition to Beeler, Johnny Longenecker and Paul Plank were Warrior selections for the 1962 dream squad.

BEELER

Trophies were presented for the 1962 season at a meeting of the South Penn Baseball League Thursday evening at the American Legion home.

Robert Decker, left, assistant manager of the Gettysburg team, is holding the trophy emblematic of the regular season title. George King, right, New Oxford manager, holds the trophy awarded for the postseason playoff championship. Robert Krichen, center, league president, made the presentations.

During the brief meeting forfeit money was returned and Sunday, January 27, at 2 p.m. was set as the time for the next meeting at the Legion home. (Times photo)

Two Freshmen Will Start For MSM Against Hofstra At Emmitsburg Saturday

Coach Jim Phelan's Mt. St. Mary's NCAA champions will have a new look when the Mountaineers lift the lid on the 1963 season Saturday against Paul Lymer's Hofstra team in a replay of the NCAA Regional match at Albright last March. Only 6'4" John O'Reilly and 5'10" Dave Maloney are apt to be back in their starting berths as the Mountaineers tap off in Memorial gym at 8 p.m. in Emmitsburg. Flashy Eddie Pfeiffer, Maloney's running mate at guard and the Mountaineer floor general, is sidelined with the effects of a concussion. 6'6" Jack Campbell did not return to school, and captain Dick Talley graduated.

Phelan's starting crew will feature two freshmen, 6'3" John Carrell, a forward from DeMatthia's highly touted schoolboy team, and Fran Fenerty, a 6'5" ace from Bethlehem Catholic. Pfeiffer's ballhawk, Mike Costello, a 6' guard back from service, will probably start in Pfeiffer's spot. The new men have been impressive in scrimmage work against George Washington and Maryland State. Carrell looks like he may fill Talley's shoes in able fashion. He is an excellent shooter. A tough rebounder and acceptable on defense.

Fenerty has fine potential at the pivot spot but lacks game experience. Sophomore Ed Folk, a bright prospect who missed most of last season, will divide the

pivot duties with Fenerty. Another 6'5'er, Folk has a lot of bulk, a good shot from around the key, and a bit of experience. Phelan's brightest center prospect, DeMatthia's Bill McDermott, will rest indefinitely while a knee injury heals.

O'Reilly, the "Big O," and Maloney will have to shoulder the scoring load until the rest of Phelan's group shakes off the miseries. Both have been spectacular in practices. O'Reilly has done yeoman work under the boards and scored well, and Maloney has been threading needles from back court and shooting better than ever.

The Mountaineers could catch a tartar in the Dutchmen who wore 24-4 last season and have seasoned operatives on hand in 6'4" Jim Boatwright at center, 6'2" Ron Alfiero and Bill McCollough at forwards, 5'8" Lew Friefield and 6'1" Steve Nissenen at the guards. In the past four seasons the Dutchmen have never been worse than 2-7 for the season. Overall the Mountaineers are on top of Hofstra 4-2.

Phelan is hopeful that his charges will pick up where they left off last year, when they drove to the NCAA title with 10 straight victories. Strategy calls for the Blue and White to play control ball and take the good shot rather than to run and gun. The Mounties will also have to pick up their defense, one of the long suits last

season in the title rush. Both O'Reilly and the sidelined Pfeiffer are among the eight all-time Mount scorers. O'Reilly with 1,177 in two seasons is sixth and Pfeiffer with 1,118 eighth. Both figure to move up this season and O'Reilly can move into second spot behind Jack Sullivan's torrid career mark of 2,617 if he shoots at last years 564 pace.

Following the Hofstra fray the Mountaineers will fly to Providence for a match with the Friars. They will begin defense of their Mason-Dixon crown against Baltimore U. Wednesday evening at Emmitsburg. M-D pennant hopes will get an early testing as the Mounties play Roanoke on Dec. 7. Hampden-Sydney on Dec. 8 and title-aspirant Catholic U. at Emmitsburg, on Dec. 11.

FEUD BETWEEN AAU AND NCAA SEETHES AGAIN

By JERRY GREEN

Associated Press Sports Writer

DETROIT (AP)—The seething struggle between the AAU and NCAA for track control in the United States had boiled over into a new war of words today—two weeks after it seemed peace was in sight.

The NCAA, through its coaches united in the U.S. Track and Field Federation, charged the AAU with reneging on an agreement made in New York Nov. 18. The AAU replied there was a misunderstanding on details in the agreement.

The federation's charges came Thursday night, hours after the AAU's 35-man executive committee unanimously endorsed a track and field coalition which was formed at the New York truce meeting. That meeting, called by Atty. General Robert F. Kennedy, had been designed to end the 2½-year squabble and help toward insuring a strong U.S. team for the 1964 Olympics.

TRACK ISSUE

The coaches agree with the principle of a coalition. At issue is just what the coalition will do, particularly in international track competition.

The AAU insists it will continue to control U.S. participation in international meets. The NCAA argues the coalition—made up of several groups including the two warring bodies—eventually should have international control.

Soon after the endorsement, federation leaders held an urgent telephone powwow and agreed the AAU plan was unsatisfactory. Sitting in on the conference phone call were Bill Russell, federation president and a district director of athletics in California; Chick Werner, Penn State coach and a federation executive director; and Don Canham, Michigan coach and a federation executive vice president.

Canham said the New York agreement stated in one of its points:

"In 1964, the new coalition would seek with the AAU's blessing to have the International Amateur Athletic Federation recognize the new coalition as the governing body of track and field in the U.S."

The IAAF, world governing body for track, currently recognizes the AAU.

The AAU's executive committee voted to disapprove any suggestions "at this time" that would make the coalition the U.S. governing body to the IAAF.

The AAU admitted, however, if all parties involved in the coalition agreed, it is possible the coalition may be able to become the U.S. governing body after 1964.

"BILL" WOOD TO SPEAK AT GRID BANQUET

Rev. W. W. "Bill" Wood, Seven Stars, a former Gettysburg College football coach and now a retired minister, will be the speaker at the banquet to be given the Gettysburg High School varsity football squad by the Boosters Club next Wednesday evening at 7 o'clock at the Varsity Diner.

In addition to the squad members other guests will include the coaching staffs of the Senior and Junior High Schools; Charles Trester, senior high principal; H. Edgar Riegle, superintendent; Clifford B. Snowberger, junior high principal; George Forney, athletic director, and the four senior high cheer leaders.

Parents of squad members have been invited to attend but will be required to pay \$1.75 for the ham dinner. Representatives of the business firms which displayed individual photos of players during the season are also invited to send a representative on the "dutch" treat plan.

BRILLIANT CAREER

Rev. Wood coached Bullet teams for eight seasons starting in 1919 and compiled a fine 46-22-6 record. He starred as a center and tackle at Penn State University.

Films of several high school games will be shown. A feature of the program will be awarding of the individual pictures.

Business places displaying the pictures were: Swope's 66, Schmitt's Interior Decorators, Baschore's Insurance, Raymond Home Furnishings, Clyde Williams' Sons, Varsity Diner, Coffman-Fisher, Minter's Foot Market, Gettysburg News and Sporting Goods, First National Bank, Faber's Restaurant, Estep's Cut-Rate, Weishaar Brothers, Inc., Hershey's Men's Shop, Peoples Drug Store, Zerling's Hardware, Inc., Sherman's Clothing Store, Plaza Restaurant, Kendeheart's Store, Philip Bickle Insurance, Texas Lunch, Rea and Derick, Gettysburg National Bank and Bix-Sway.

SURE OF BOWL

Southern Cal already has secured the Rose Bowl berth opposite Wisconsin, but must get past the Fighting Irish to complete an unblemished season and retain solid control of the No. 1 spot in the nation.

The Trojans rule a one-touchdown favorite to turn back the Irish, but a form reversal is a decided possibility.

Coach Joe Kuharich's lads from South Bend have stormed to four straight victories after a shaky start.

EXPECT 85,000

A crowd of about 85,000 is expected for the game in Los Angeles, while about 101,000 including President Kennedy are expected for the service classic in Philadelphia Stadium. The game also will get national television coverage (CBS, 1:30 p.m. (Eastern Standard Time)).

It's strictly a pick-em affair between the Cadets and the Middles, with President Kennedy expected to break tradition and go to midfield for the pregame coin tossing.

Titles and bowl bids don't enter the picture for the colorful clash but Army pride does. Coach Paul Dietzel, hired this season to break Navy's string of three straight, has used his three-platoon magic to forge a 6-3 regular season record. Navy, seeking a record fourth straight over Army, is 4-5.

OLE MISS, SURE THING

Mississippi, ranked third in the nation, is a solid favorite to close out an unbeaten, untied season against Mississippi State. Alabama, No. 5 with an 8-1 record, also is favored over a tough Auburn team.

Oklahoma, No. 8, already has the Orange Bowl spot and the Big Eight title and has little but prestige at stake against Oklahoma State.

Scouts from both the Gator and Gotham Bowls are expected to scout the Florida-Miami night game, while Texas Christian still has some bowl hopes going into its game with Southern Methodist.

In other Saturday games, Georgia Tech and Georgia meet in their traditional affair, Tennessee at Vanderbilt, Rice at Baylor, Virginia at Rutgers, UCLA at Utah, Holy Cross at Boston College and Cincinnati at Houston.

FLORIDA A&M ARE CHAMPS

MIAMI, Fla. (AP)—Jake Gaither's Florida A&M Rattlers are the national small college football champions today and the coach credits it all to "the burning desire to win."

Also to a couple of halfbacks who can run the 100 in under 9.5—Robert (China Doll) Paramore and Bob Hayes, who happens to share the world 100-yard record of 9.2 seconds.

The all-conquering Rattlers, who'll play Jackson, Miss., College in the Orange Blossom Classic here Dec. 8, posted a 9-0 regular season record this year, pushing their winning streak to 21 games.

They won their just reward today when The Associated Press' panel of eight sports writers named them No. 1 in the final small college poll of the season. The Rattlers finished just one scant point ahead of Wittenberg, Ohio, with another unbeaten team, Central Oklahoma, third. Southern Mississippi, Lenoir Rhyne, Texas A&I, Northern Illinois, Fresno State, St. John's, Minn., and Southeast Louisiana rounded out the final Top Ten.

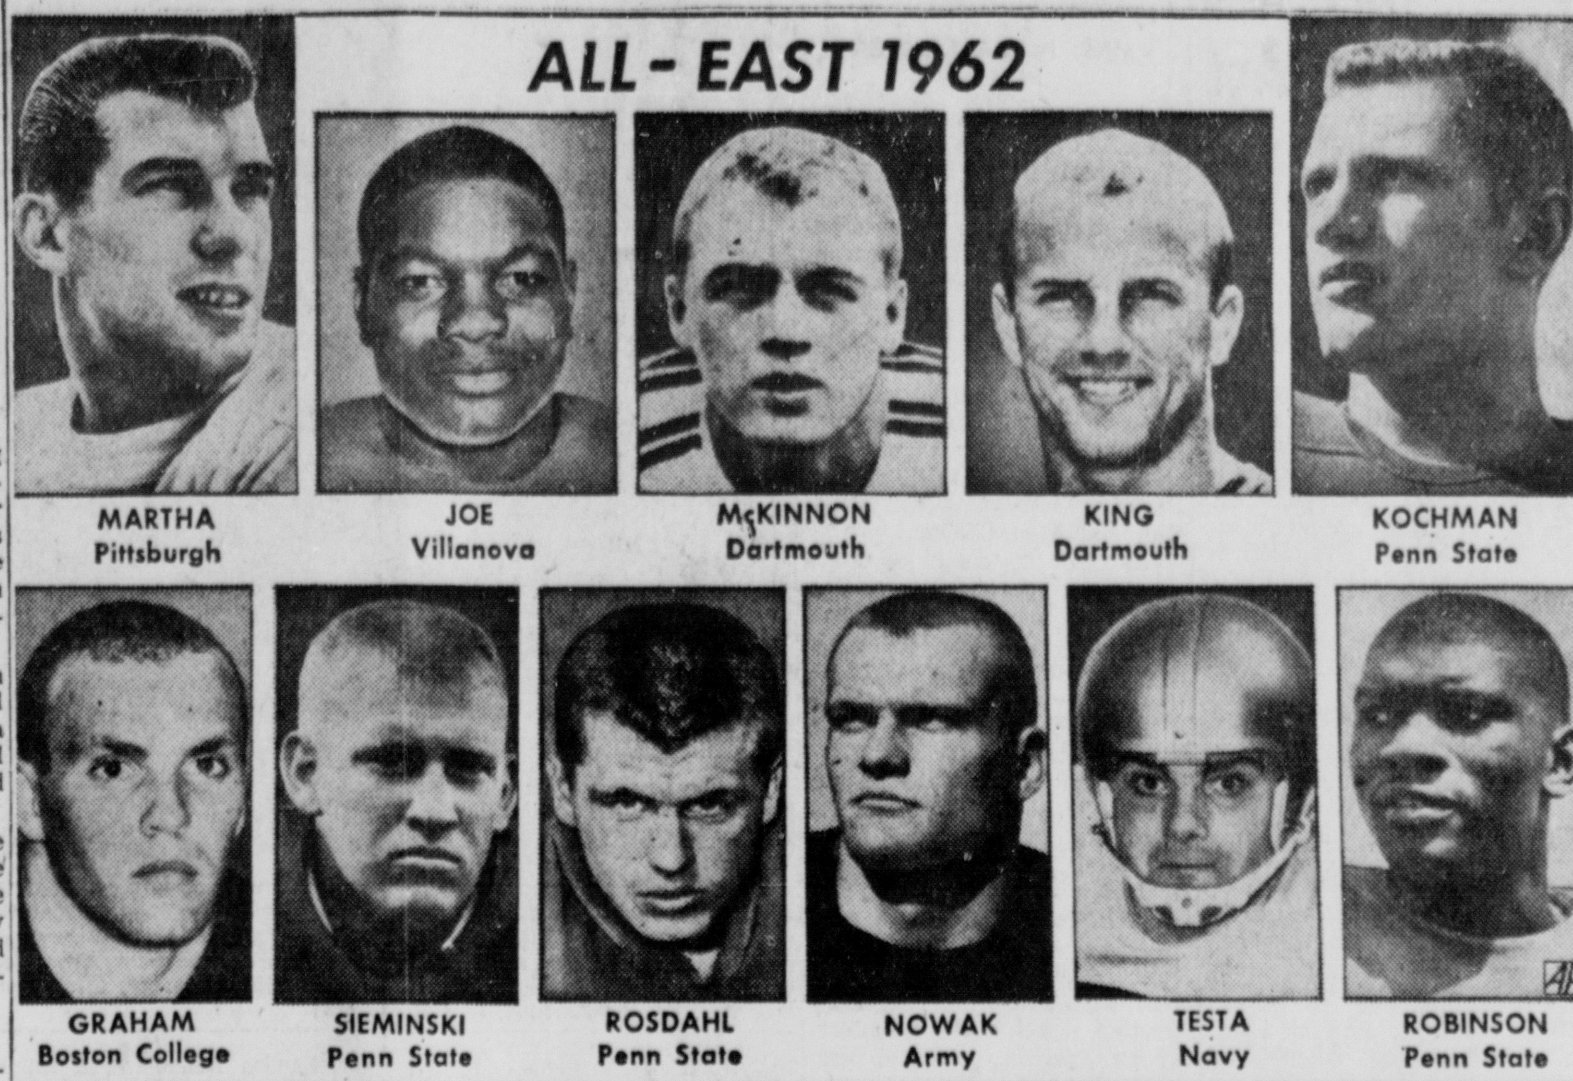

FAVOR MEXICAN

MADRAS, India (AP)—Antonio Palafox of Mexico drew Joydeep Mukerjee of India today for the opening singles match of the interzone Davis Cup tennis final Saturday on the newly built Island courts.

The Mexicans, who upset the United States in the American zone final, are favored to win the interzone and qualify to play Australia for the cup in Brisbane, Australia, starting Dec. 26.

MAJOR ROLES FOR STAUBACH AND SEYMOUR

By BOB HOOBING

Associated Press Sports Writer

PHILADELPHIA (AP)—Sophomores like Roger Staubach and John Seymour figure to play the biggest role in Saturday's 63rd Army-Navy football classic since yearlings dominated the 1953 game.

And if sophomores are supposed to be unpredictable so is the outcome of this bitter struggle which will be viewed by President Kennedy, 101,000 other Philadelphia Stadium spectators and a national television (CBS-TV, 1:30 P.M., EST) audience.

Neither bowl trips nor rankings are at stake yet victory never was more important in this hectic series and the pregame war of nerves never hotter.

HARD-SELL JOB

Like 1953, Army has lost the three previous meetings. In fact the Cadets have won only three of the last 12. Army Coach Paul Dietzel has done a hard-sell job on West Point morale aiming toward the mission for which he was lured away from Louisiana State in January—beat Navy.

Predecessor Dale Hall couldn't do it and was fired after dropping a 17-12 verdict to the Middles last year. Navy's Wayne Hardin, who thrives on controversy and has charged there may be an illegal handoff in the Army kickoff return play, has a burning desire to become the first coach in Annapolis annals to whip Army four straight.

AMAZING RUNNER

Staubach is the amazing passer-runner who played only six minutes in the first three games, then took command as regular quarterback and has stood out even as the Middles have lost their last three starts. Fullback Pat Donnelly, linebacker Fred Martin and other key figures also are sophomores.

Staubach has 1,009 yards in total offense and a 66 per cent pass completion mark. Donnelly is the top Middle rusher.

On the Cadet side sophomores Seymour, Ray Paske and Don Parcells rank 1-3-4 in rushing yardage. Seymour, also No. 2 pass receiver, is one of six sophs on the GO team of offensive specialists.

Navy (4-5) has the edge in offense and toughness of schedule. Army (6-3) has the better record and defense.

TIE IN TOURNEY

WEST PALM BEACH, Fla. (AP)—Two dark horses, Rod Funseth of Spokane, Wash., and Butch Baird of Galveston, Tex., were tied for the lead going into today's second round of the 72-hole, \$20,000 West Palm Beach Open Golf Tournament.

Funseth heated up the chilly West Palm Beach Country Club links with a 34-34-68 and Baird was even hotter going out, 32-36-68, on the par 36-5-72 layout of 6,800 yards.

Seven players were deadlocked at 69. Another seven were tied at 70.

TO DEFEND TITLE

TORONTO (AP)—The Winnipeg Blue Bombers defend their title against the Hamilton Tiger-Cats Saturday in the Grey Cup game, the Canadian Professional Football League's championship game.

The game will be telecast (ABC-TV), throughout the United States on a delayed basis. The telecast will begin at 4 p.m. EST, about 30 minutes after the game has ended in Canada.

Beeler Makes First Team

An error in the tabulation of the total votes for the Blue Mountain League All-Star football team was discovered Thursday evening which revealed that Bob Beeler, Gettysburg High School senior end, won a first place berth instead of a second team position as previously reported.

As a result of the check Beeler teams with Jim Close of East Pennsboro as the first team ends while Stan North, Big Spring, and Rich Stevens, Northern, drop to the second team. The revamping also moves Bob Bream, Biglerville, from the second team to honorable mention.

In addition to Beeler, Johnny Longanecker and Paul Plank were Warrior selections for the 1962 dream squad.

Trophies were presented for the 1962 season at a meeting of the South Penn Baseball League Thursday evening at the American Legion home.

Robert Decker, left, assistant manager of the Gettysburg team, is holding the trophy emblematic of the regular season title. George King, right, New Oxford manager, holds the trophy awarded for the postseason playoff championship. Robert Krichen, center, league president, made the presentations.

During the brief meeting forfeit money was returned and Sunday, January 27, at 2 p.m. was set as the time for the next meeting at the Legion home. (Times photo)

Two Freshmen Will Start For MSM Against Hofstra At Emmitsburg Saturday

Coach Jim Phelan's Mt. St. Mary's NCAA champions will have a new look when the Mountaineers lift the lid on the 1963 season Saturday against Paul Lynner's Hofstra team in a replay of the NCAA Regional match at Albright last March. Only 6'4" John O'Reilly and 5'10" Dave Maloney are apt to be back in their starting berths as the Mountaineers tap off in Memorial gym at 8 p.m., in Emmitsburg. Flashy Eddie Pfeiffer, Maloney's running mate at guard and the Mountaineer floor general, is sidelined with the effects of a concussion; 6'6" Jack Campbell did not return to school, and captain Dick Talley graduated.

Phelan's starting crew will feature two freshmen, 6'3" John Carrell, a forward from DeMatha's highly touted schoolboy team, and Fran Fenerty, a 6'5" forward from Bethlehem Catholic, Pfeiffer's balliwick. Mike Costello, a 6' guard back from service, will probably start in Pfeiffer's spot. The new men have been impressive in scrimmage work against George Washington and Maryland State. Carrell looks like he may fill Talley's shoes in able fashion. He is an excellent shooter, a tough rebounder and acceptable on defense.

Fenerty has fine potential at the pivot spot but lacks game experience. Sophomore Ed Folk, a bright prospect who missed most of last season, will divide the

pivot duties with Fenerty. Another 6'5'er, Folk has a lot of bulk, a good shot from around the key, and a bit of experience. Phelan's brightest center prospect, DeMatha's Bill McDermott, will rest indefinitely while a knee injury heals.

O'Reilly, the "Big O," and Maloney will have to shoulder the scoring load until the rest of Phelan's group shakes off the miseries. Both have been spectacular in practices. O'Reilly has done yeoman work under the boards and scored well, and Maloney has been threading needles from back court and shooting better than ever.

The Mountaineers could catch a tartar in the Dutchmen who were 24-4 last season and have seasoned operatives on hand in 6'4" Jim Boatwright at center, 6'2" Ron Alfiero and Bill McCollough at forwards, 5'8" Lew Friefield and 6'1" Steve Nissenen at the guards. In the past four seasons the Dutchmen have never been worse than 22-7 for the season. Overall the Mountaineers are on top of Hofstra 4-2.

WON 10 STRAIGHT

Phelan is hopeful that his charges will pick up where they left off last year, when they drove to the NCAA title with 10 straight victories. Strategy calls for the Blue and White to play control ball and take the good shot rather than to run and gun. The Mounties will also have to pick up their defense, one of the long suits last

"BILL" WOOD TO SPEAK AT GRID BANQUET

Rev. W. W. "Bill" Wood, Seven Stars, a former Gettysburg College football coach and now a retired minister, will be the speaker at the banquet to be given the Gettysburg High School varsity football squad by the Boosters Club next Wednesday evening at 7 o'clock at the Varsity Diner.

In addition to the squad members other guests will include the coaching staffs of the Senior and Junior High Schools; Charles Tressler, senior high principal; H. Edgar Riegle, superintendent; Clifford B. Snowberger, junior high principal; George Forney, athletic director, and the four senior high cheer leaders.

Parents of squad members have been invited to attend but will be required to pay \$1.75 for the ham dinner. Representatives of the business firms which displayed individual photos of players during the season are also invited to send a representative to the "dutch" treat plan.

BRILLIANT CAREER

Rev. Wood coached Bullet teams for eight seasons starting in 1919 and compiled a fine 46-22-6 record. He starred as a center and tackle at Penn State University.

Films of several high school games will be shown. A feature of the program will be awarding of the individual pictures.

Business places displaying the pictures were: Swope's 66, Schmitt's Interior Decorators, Basehore's Insurance, Raymond Home Furnishings, Clyde Williams' Sons, Varsity Diner, Coffman-Fisher, Minter's Foot Market, Gettysburg News and Sporting Goods, First National Bank, Faber's Restaurant, Estep's Cut-Rate, Weishaar Brothers, Inc., Hershey's Men's Shop, Peoples Drug Store, Zerling's Hardware, Inc., Sherman's Clothing Store, Plaza Restaurant, Kendeheart's Store, Philip B. Local Girls In Beauty Contest:
Two Adams County girls and two from Hanover are among the 13 Gettysburg College campus beauties photographed this week for judging by Harry Conover, well-known model agency head, for the honor of campus beauty queen in this year's edition of the Spectrum, Gettysburg College's annual publication.

Included among the 13 most beautiful girls on the campus are: Caroline Blocher, daughter of Mrs. David Blocher, 28 W. Middle St.; Nancy Acker, New Oxford, and Lorraine Diller and Sue Wentz, both of Hanover.

The girl selected as queen and the two runners-up will reign at the annual junior prom to be held at the college February 6. The girls are having their portraits taken at the Lane Studio here.

Barbara Henderson In Hockey Tournney: Miss Barbara Henderson, daughter of Dr. and Mrs. Ira M. Henderson, Fairfield, a student at the Boston University College of Physical Education for Women-Sargent, was recently chosen for the all-Boston College hockey team. The team recently played the British touring hockey team at Wellesley College and will meet the British team again at Smith College for the north-east tournament title.

Miss Henderson, a Senior at Sargent, was an instructor in Boston University's Sargent College camp and Sargent summer camp in New Hampshire last summer.

Asks Times To Help Find Girl: The Gettysburg Times and other newspapers throughout the country have been asked to aid Mrs. Mary A. Robbins, Portland, Me., in the search for her 16-year-old daughter, Velva Joy Robbins, missing from home since August 20, 1945.

The girl is described as weighing 120 to 130 pounds, dark blonde hair, blue eyes and freckles with medium to light complexion. Her height is five feet, four inches.

The Portland Police Department, in circulars sent to all major newspapers in the country, says that Miss Robbins will look older than her age and may be wearing her hair done up or cut short. "She has experienced a mild psychological disorder and was under treatment when she left home, and may be the victim of amnesia," the circular says.

Regular police channels have already been utilized in the search and Mrs. Robbins has employed private detectives and other means in the search. Any information should be telegraphed to the Portland Police Department, Portland, Me., Western Union, collect.

Says Hunters Will Find Deer: Scattered Here: Hunters seeking deer in Adams County will have to exercise all of their skill if they wish to bag some venison during the season starting Monday.

That was the word passed on today by Game Protector Leo Bushman who asserted that while there are as many deer in the county now as there were last year, the animals have spread out all over the county and he who wants one will have to spend some extra time in the search.

Even though the deer are as plentiful as they were last year, that still is "not too many," Mr. Bushman pointed out. During the past 20 years food conditions have changed in the mountains and the habits of the deer in relation to their location has changed as well, he added.

Bus Service In Gettysburg Opens Next Week: Charles E. Pitzer this morning announced that his new bus service within the borough limits of Gettysburg will start to operate Wednesday morning beginning at 6 o'clock.

The Public Utilities Commission of Pennsylvania has issued a certificate to Mr. Pitzer to operate his bus line in Gettysburg. Pitzer will appear before council Monday night to outline his service and to explain the purpose and objectives of the service.

Today's Talk

TRAPPINGS

There aren't so very many essential material things to life. With the maturity of understanding, this truth comes home. Most of us carry about with us useless trappings that only hinder our growth and tend to darken our hearts.

To work, to love, to laugh, to serve — a tear here and there — a clasp of the hand of a friend, the silent willing of the heart for such as need

A futile search for El Dorado — And then we say: Good Night! To many of us, wants may be as numerous as the sands of the sea — but our genuine needs remain but very few.

I have traveled much over the years and found that I always carried away with me far more than I needed, or had occasion to use.

I used to think I would like multiple friends, scattered everywhere — but now, I find that "just a friend or two" will do — the mere handful, but, as Stevenson says: "Those without capitulation."

The serious tasks of life soon strip our trappings from us. Even our hearts are all too often bared to the world. The years soften the highlights, often reducing the dark background of our lives to tones of the mellowest gray and blue. When we have faced storms, and endured them, we demand no striking contrasts. We ourselves are of them.

Even our hoardings show no complacency. Within beauty and understanding lie more precious mimes than all those that have heaved from their depths gold, silver, or priceless gems.

The matchless string of pearls tells a salient and silent story of hurts that are matured in shells, deep down in the sea, and when placed about the neck of one who loves them, no other adornment is necessary. All else would be as trappings.

Simple love and service, each is always sufficiently adorned!

Tomorrow Mr. Adams will talk on the subject: "Patterns"

five of his new company.

The schedule Pitzer will operate will be published Tuesday. One of his principal features will be to transport school children within Gettysburg to their respective schools in the morning and, insofar as possible, for the noon luncheon and the return after schools close in the afternoon. He will also transport workers to the industrial plants.

Pitzer's certificate authorizes service within the borough limits and to two points outside the borough. Haines Restaurant on the Emmitsburg Rd. and Grandview Terrace on the Biglerville Rd.

Miss Viola Sachs To Be Reappointed: Miss Viola Sachs, deputy register and recorder of Adams County for eight years under Winfield G. Horner, who retires from office January 1, will be reappointed to that position by the incoming prothonotary, Harry D. Ridinger, the latter announced today.

Mr. Ridinger also said he has asked Mr. Horner to remain in the office as a deputy for the first several months of Ridinger's term to help him learn the duties of the office.

Before going to the register's office, Miss Sachs served for four years as deputy prothonotary when C. Arthur Brame was in that office.

Son To Succeed D. S. Kitzmiller: D. Sandoe Kitzmiller, superintendent of the Evergreen Cemetery since 1920, will retire from that position November 30 and will be succeeded by his son, Howard C. Kitzmiller, formerly of Gettysburg but for the last several years a resident of York.

Mr. and Mrs. Sandoe Kitzmiller are moving today from the cemetery residence to the Hutchison Apartment building at the corner of W. Middle and S. Washington Sts. Mr. and Mrs. Howard Kitzmiller expect to move from York Saturday. Mr. Kitzmiller has

BILLY GRAHAM
VISIT TO JAPAN
BEING PLANNED

By ALAN CLINE

TOKYO (AP) — Japanese Baptists plan to bring evangelist Billy Graham and 600 Southern Baptists to Japan next year in a nationwide drive to increase their small flock.

The lay people will split into four-man teams, fanning out into 147 Japanese cities in what a top Graham aide called a crusade of unmatched scope and magnitude.

Leaders of the 15,000-member Baptist Convention of Japan and the 135 American missionaries here stress the Japanese church itself is behind this "New Life Movement" and that Graham and the 600, most of them Texans, are merely coming to help.

SITUATION DIFFERENT

The difference between running the show and helping out means much here.

Earlier this year Southern California evangelist Bob Pearce brought a crusade to Japan amid much criticism by Japanese Christian leaders. They contended Pearce's visit was not Japanese-oriented and had political motivations because Pearce once spoke of the need of "protecting Japan from communism."

The Rev. Shuichi Matsumura, a Tokyo Baptist pastor and executive director of the New Life Movement, told newsmen he and his group feel that there will be no reaction to the 1963 effort because "factors are different."

"This movement is Japanese in origin and promotion," he said.

TO VISIT 5 CITIES

Graham is expected to arrive in Tokyo March 29 after holding crusades in Manila, Hong Kong and Formosa.

The 44-year-old evangelist is to speak in five major Japanese cities and meet with pastors and laymen's groups.

The teams, made up of an American pastor and three laymen, will be in the field from the northernmost island of Hokkaido to southernmost Kyushu.

Total cost of the effort is put at \$300,000. Coleman D. Clark, secretary of evangelism in the Japan Baptist Convention, said the 89 Japanese churches would contribute probably 10 per cent of the cost with the Texas Baptist Convention pledged to pick up the difference.

UNITED NATIONS, N.Y. (AP)

—The U.N. Security Council today recommended unanimously that U Thant of Burma be chosen regular secretary-general of the United Nations to serve until Nov. 3, 1966. The General Assembly was expected to elect Thant this afternoon.

been employed by the Pennsylvania Railroad there. He previously worked for Blaw-Knox.

Mr. Kitzmiller succeeded the late Harry S. Trostle as superintendent December 1, 1920.

Tax Deadline Monday; To Add

Five Pct. Penalty: Gettysburg residents who have not paid their school taxes can save \$169.56 if they pay them to Borough Tax Collector J. Herbert Weikert on or before next Monday.

School taxes may be paid at par up to 5 o'clock Monday afternoon. Mr. Weikert's office, E. Middle and Stratton Sts., will be open Monday until that time to receive tax payments. Beginning Tuesday, five per cent will be added to all unpaid school taxes.

The school duplicate this year was \$64,730.49. Of this amount, all but \$3,391.12 has been paid, Weikert said. The five per cent penalty on the unpaid balance amounts to \$169.56.

The Gettysburg Church of the Brethren, Biglerville Rd., will launch a campaign Sunday to erase the \$40,000 debt on this church edifice dedicated nearly 10 years ago. Fifty members will be commissioned to seek pledges that will pay off the debt by 1965.

CHURCH OF

(Continued from Page 1)

tee headed by Paul K. Hoover, Gettysburg R. 6, has prepared and mailed letters and prepared packets for the visitors. A concerted effort is being made by the publicity committee to have every family in the parish present on Sunday morning for the consecration service.

It is expected that in excess of 150 commitments will be made by members and friends of the parish in amounts that vary from units of \$25 by children and youth to over \$2,000 gifts by adults. The goal is \$40,000 which will eliminate indebtedness on the building by 1965. This is in addition to the regular giving for the on-going program of the church.

Ground was broken in 1951 for the new stone edifice on the Biglerville Rd. and the building was completed and dedicated in late January of 1953. The building with its furnishings and the 13½-acre site cost in excess of \$225,000.

After the dedication there was a debt of over \$80,000 which has been reduced by half.

The Rev. Mr. Simmons has been pastor of the church since July, 1958. Today the congregation has a baptized membership of 320 members. During the last year morning worship attendance averaged 180. By paying off the debt soon, not only will it be possible to save considerable interest and add to facilities as deemed wise, but it will become possible for the congregation to extend her outreach in areas not served at the present and this is reason enough for this important program, church leaders said.

I don't know how to say it
And I don't know how to write it.
I don't know how to play it
Or to sing it or recite it,
But I never see the sky,
Sun and moon or stars that

Or a white cloud sailing by
Without thinking they are
mine.

I've a curious obsession
And from it I'm never free.
I'm in absolute possession
Of the countless things I see.

Friendly smile and twinkling

Tree in bloom or climbing

If I see them passing by
For that moment they are
mine.

Fields of flowers and mountain

Vessels nosing out to sea
And the sun's golden changes;
One and all belong to me.

Does a bird before me rise
Singing melodies divine?
I have but to lift my eyes
And the joy of it is mine.

XMAS SHOWS

WILL START ON
TV NEXT WEEK

By CYNTHIA LOWRY

AP Television-Radio Writer
NEW YORK (AP) — Television is permitting us to enjoy some of our Christmas gifts early this year—next Thursday night's 90-minute NBC version of "Cyrano de Bergerac," for instance.

The Hall of Fame Show, starring Christopher Plummer as Cyrano and Hope Lange as Roxanne looms as the week's big event (9:30-11 p.m. EST, Thursday) but it is by no means the only item of interest.

Tonight, for example, there is NBC's "World of Jacqueline Kennedy" (10-11), which took months to assemble.

REPEAT SHOW

Sunday's special item is a dramatic original, "Mutiny," based on a real incident of the 19th century in which a young apprentice seaman was hanged. Dana Andrews and Robert Walker star in the "Show of the Week" program.

A repeat performance by Leonard Bernstein and the New York Philharmonic Orchestra, "The Creative Performer," will be shown on CBS Monday night (7:30-8:30). Igor Stravinsky is honored.

Jack Benny's guest star Tuesday night is Bob Hope (CBS, 9:30-10).

Circle Theater on Wednesday (CBS, 10-11 p.m.) is "The Assassin," and concerned with Russian espionage.

Lockheed Strike May Be Balked Soon Through TH Act

BURBANK, Calif. (AP)—President Kennedy's swift recourse to the Taft-Hartley Act raises the probability that the strike against Lockheed Aircraft Corp. will be halted soon — perhaps within a week.

In the meantime, says the union, work on the vital missile and plane projects has been halted. But the firm says work is continuing.

Only hours after the International Association of Machinists struck the giant aerospace firm Wednesday, the President invoked the labor act, saying the strike would "imperil the national health and safety" if permitted to continue.

NAMES BOARD OF 3

Kennedy appointed a three-man board to look into the dispute and report to him no later than Monday.

On the basis of that report, the President will decide whether to ask federal court for a Taft-Hartley injunction, which would suspend the strike for 90 days. New efforts to reach agreement could be made during this "cooling-off" period.

News files indicate a presidential request for such an injunction has never been denied.

The chairman of the President's three-man board is Prof. Arthur M. Ross, director of the University of California Institute of Industrial Relations. He announced shortly after his appointment the board will meet in Los Angeles Friday with Lockheed and union representatives.

UNION PRESSURE

The principal unresolved issue is whether Lockheed employees in California, Florida and Hawaii will be permitted to vote on a union shop proposal. Under a union shop, all eligible workers have to join the union to keep their jobs.

A special board appointed by the President earlier this year recommended that union shop elections be conducted at aerospace firms. But Lockheed refused to allow such an election, saying it was unalterably opposed to any form of compulsory unionism.

The machinists said they would accept no contract until a union shop election was held. President Thomas McNett of Machinists District 727 said Wednesday that "when the (Taft-Hartley) injunction is invoked we will make every effort to obtain the type of contract that we sought in our prolonged negotiations and, if unable to obtain it, we will strike again."

"COMPULSORY VOTE"

Lockheed Vice President John Canaday said the company would "welcome use of Taft-Hartley."

If a Taft-Hartley injunction is issued, Lockheed's latest contract offer could be submitted to a compulsory vote of workers in the bargaining unit represented by the machinists. Both union and nonunion workers would vote.

Lockheed called for such a vote last Saturday, when it submitted an offer providing for wage increases of about 25 cents hourly, spread over three years. Average pay under the old contract was \$2.95 an hour.

In California, the strike affects Lockheed-California Co. plants at Burbank and Palmdale, and Lockheed Missile & Space Co. facilities at Sunnyvale, Van Nuys and the Missile Test Center at Vandenberg Air Force Base.

Also affected are the Cape Canaveral Missile Test Center in Florida and Lockheed Tracking Station at Honolulu. At Cape Canaveral, only the Polaris missile project, among dozens of missile-space programs, appeared to be seriously affected by the walkout.

Croatians Raid Yugoslav Mission

BAD GODESBERG, Germany (AP)—About 30 persons attacked the Yugoslav consular mission here Thursday, threw three bombs and ransacked the building.

First reports said at least two persons were injured.

Police said the attackers, of whom 17 are under arrest, were refugees from Croatia, now a constituent republic of Yugoslavia, who drove up to the building in two buses. Yugoslavia celebrated its national holiday Thursday.

The attackers blew open the doors to the building with explosives, stormed inside and set off three bombs. Documents reportedly were set on fire.

The refugees reportedly came

from the Cologne and Dortmund areas. They were carrying posters reading in German and Serbo-Croat: "That is the way the Berlin wall must be torn down—long live independent Croatia and undivided Germany."

HARRISBURG (AP)—Gov. and Mrs. Lawrence will attend the Army-Navy game Saturday at Philadelphia stadium, the governor's office announced today. The governor and his wife will sit with President Kennedy, who plans to be present.

LIFE 2,000 YEARS AGO
We were living 2,000 years ago as God-revering Gentiles or Jews, many aspects of our life would be radically different, not the least of these being our religious life, conversation and hope. There was much discussion in the home, places of worship and public squares about the prophecies of God, sending His Anointed One, the Messiah, to earth.

Ancient prophets foretold He would be born of a virgin in Bethlehem. Others prophesied His coming would be announced by

an Elijah-like herald. Others predicted the Messiah would be disbelieved, hated and rejected by prince and pauper alike. Were we living then, 2,000 years ago, we would be looking forward with ageless anticipation to the coming, the Advent of God's Anointed Servant and Saviour of the world.

FORESEES CHANGES
For those ultimately concerned about the meaning, the purpose and destiny, of life, any and all discussion of God's impending action would be received with great enthusiasm and longing hope for in the coming of God's Son the world and the life of man would be more radically changed than had been by the invention

of fire, cooking, the wheel, the written word or any other invention, achievement or discovery of man. In the coming of the Messiah man would experience God's transforming power upon human life, thought, hope and salvation, for then man would no longer be living under the written letter of the Divine Law, but rather by the personally experienced grace of God embedded in the hearts of each child of God, receiving His gracious act in Jesus Christ.

This was the excitement, the expectation that filled and empowered as well as enlightened the prophets. The realization of these prophetic expectations

would empower and enlighten all the sons of God in Jesus Christ. All this did, in fact, actually occur 2,000 years ago: "When the fullness of time was come, God sent forth His Son . . . wherefore thou art no more a servant, but a son, and if a son, then an heir of God through Christ." Anyone not knowing of this gracious act of God in Christ and living accordingly without Christ is today 2,000 years behind the times.

YEARS OF KNOWLEDGE
Certainly, we would not want to be behind the times in any respects. Accordingly we would not want to be ignorant of nor reject the progress achieved in physical or mental health and hygiene for

these advances were purchased at the cost of bitter experience. Through their accumulated knowledge of the importance of personal, domestic and public health or hygiene, we, today, are heirs of better health and longer life. We have learned and are benefiting by the importance of cleanliness, dental care, wholesome food, exercise and fresh air, rest, clean clothing, good plumbing and public sanitation, sewage, disease control and the like. These medical advances in the past 2,000 years are now giving us more health, happiness and longer life. Surely, you and I do not want to, nor can we afford to reject these 2,000 years past, before the advent of Jesus Christ.

The Evening Star

The brilliant evening star is a symbol of many things to many folk. Mariners hail it as a good omen, for it usually forecasts a clear, calm night and smooth sailing. The shepherd tending his flock on a desolate hillside gratefully notes its appearance in the heavens, for its friendly light offers an intangible sort of companionship during his lonely vigil. To many, the star is representative of God's infinite power and wisdom.

Just as this star touches hearts in countless different ways, so may the Church bring to those in all walks of life, peace and comfort which lead to a happier, more fruitful pattern of life.

Let us make the Church our guiding light. We can brighten our lives if we accept the teaching of the Scriptures as guideposts along the pathway to future endeavors.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Text: "When the fullness of time was come, God sent forth His Son." Galatians 4:4

LIFE 2,000 YEARS AGO

Were we living 2,000 years ago as God-revering Gentiles or Jews, many aspects of our life would be radically different, not the least of these being our religious life, conversation and hope. There was much discussion in the home, places of worship and public squares about the prophecies of God, sending His Anointed One, the Messiah, to earth.

Ancient prophets foretold He would be born of a virgin in Bethlehem. Others prophesied His coming would be announced by

an Elijah-like herald. Others predicted the Messiah would be disbelieved, hated and rejected by prince and pauper alike. Were we living then, 2,000 years ago, we would be looking forward with ageless anticipation to the coming, the Advent of God's Anointed Servant and Saviour of the world.

FORESEES CHANGES

For those ultimately concerned about the meaning, the purpose and destiny, of life, any and all discussion of God's impending action would be received with great enthusiasm and longing hope for in the coming of God's Son the world and the life of man would be more radically changed than had been by the invention

of fire, cooking, the wheel, the written word or any other invention, achievement or discovery of man. In the coming of the Messiah man would experience God's transforming power upon human life, thought, hope and salvation, for then man would no longer be living under the written letter of the Divine Law, but rather by the personally experienced grace of God embedded in the hearts of each child of God, receiving his gracious act in Jesus Christ.

This was the excitement, the expectation that filled and empowered as well as enlightened the prophets. The realization of these prophetic expectations

would empower and enlighten all the sons of God in Jesus Christ. All this did, in fact, actually occur 2,000 years ago: "When the fullness of time was come, God sent forth His Son . . . wherefore thou art no more a servant, but a son, and if a son, then an heir of God through Christ." Anyone not knowing of this gracious act of God in Christ and living accordingly without Christ is today 2,000 years behind the times.

YEARS OF KNOWLEDGE

Certainly, we would not want to be behind the times in any respects. Accordingly we would not want to be ignorant of nor reject the progress achieved in physical or mental health and hygiene for

these advances were purchased at the cost of bitter experience. Through their accumulated knowledge of the importance of personal, domestic and public health or hygiene, we, today, are heirs of better health and longer life. We have learned and are benefiting by the importance of cleanliness, dental care, wholesome food, exercise and fresh air, rest, clean clothing, good plumbing and public sanitation, sewage, disease control and the like. These medical advances in the past 2,000 years are now giving us more health, happiness and longer life. Surely, you and I do not want to, nor can we afford to reject these 2,000 years past.

We need, want and will take life from whatever the source: The past, the present or the future. **BEHIND THE TIMES** In this Advent season, in the 20th century, you and I can measure our spiritual progress by the degree to which we accept today God's Messiah, Jesus Christ, and to the extent our lives bear the fruit of this knowledge in Christ. Two thousand years ago "when the fullness of time was come, God sent forth His Son." In the light then, of the Advent of Jesus Christ, do you and I live in the year 2,000 years A.D.? God forbid that you or I should be living 2,000 years behind the times — before the advent of Jesus Christ.

The Evening Star

The brilliant evening star is a symbol of many things to many folk. Mariners hail it as a good omen, for it usually forecasts a clear, calm night and smooth sailing. The shepherd tending his flock on a desolate hillside gratefully notes its appearance in the heavens, for its friendly light offers an intangible sort of companionship during his lonely vigil. To many, the star is representative of God's infinite power and wisdom.

Just as this star touches hearts in countless different ways, so may the Church bring to those in all walks of life, peace and comfort which lead to a happier, more fruitful pattern of life.

Let us make the Church our guiding light. We can brighten our lives if we accept the teaching of the Scriptures as guideposts along the pathway to future endeavors.

Lockheed Strike May Be Balked Soon Through TH Act

BURBANK, Calif. (AP)—President Kennedy's swift recourse to the Taft-Hartley Act raises the probability that the strike against Lockheed Aircraft Corp. will be halted soon — perhaps within a week.

In the meantime, says the union, work on the vital missile and plane projects has been halted. But the firm says work is continuing.

Only hours after the International Association of Machinists struck the giant aerospace firm Wednesday, the President invoked the labor act, saying the strike would "imperil the national health and safety" if permitted to continue.

NAMES BOARD OF 3

Kennedy appointed a three-man board to look into the dispute and report to him no later than Monday.

On the basis of that report, the President will decide whether to ask federal court for a Taft-Hartley injunction, which would suspend the strike for 90 days. New efforts to reach agreement could be made during this "cooling-off" period.

News files indicate a presidential request for such an injunction has never been denied.

The chairman of the President's three-man board is Prof. Arthur M. Ross, director of the University of California Institute of Industrial Relations. He announced shortly after his appointment the board will meet in Los Angeles Friday with Lockheed and union representatives.

UNION PRESSURE

The principal unresolved issue is whether Lockheed employees in California, Florida and Hawaii will be permitted to vote on a union shop proposal. Under a union shop, all eligible workers have to join the union to keep their jobs.

A special board appointed by the President earlier this year recommended that union shop elections be conducted at aerospace firms. But Lockheed refused to allow such an election, saying it was unalterably opposed to any form of compulsory unionism.

The machinists said they would accept no contract until a union shop election was held. President Thomas McNett of Machinists' District 727 said Wednesday that "when the (Taft-Hartley) injunction is invoked we will make every effort to obtain the type of contract that we sought in our prolonged negotiations and, if unable to obtain it, we will strike again."

"COMPULSORY VOTE"

Lockheed Vice President John Canaday said the company would "welcome use of Taft-Hartley."

If a Taft-Hartley injunction is issued, Lockheed's latest contract offer could be submitted to a compulsory vote of workers in the bargaining unit represented by the machinists. Both union and nonunion workers would vote.

Lockheed called for such a vote last Saturday, when it submitted an offer providing for wage increases of about 25 cents hourly, spread over three years. Average pay under the old contract was \$2.95 an hour.

In California, the strike affects Lockheed-California Co. plants at Burbank and Palmdale, and Lockheed Missile & Space Co. facilities at Sunnyvale, Van Nuys and the Missile Test Center at Vandenberg Air Force Base.

Also affected are the Cape Canaveral Missile Test Center in Florida and Lockheed Tracking Station at Honolulu. At Cape Canaveral, only the Polaris missile project, among dozens of missile space programs, appeared to be seriously affected by the walkout.

Croatians Raid Yugoslav Mission

BAD GODESBERG, Germany (AP)—About 30 persons attacked the Yugoslav consular mission here Thursday, threw three bombs and ransacked the building.

First reports said at least two persons were injured.

Police said the attackers, of whom 17 are under arrest, were refugees from Croatia, now a constituent republic of Yugoslavia, who drove up to the building in two buses. Yugoslavia celebrated its national holiday Thursday.

The attackers blew open the doors to the building with explosives, stormed inside and set off three bombs. Documents reportedly were set on fire.

The refugees reportedly came

from the Cologne and Dortmund areas. They were carrying posters reading in German and Serbo-Croat: "That is the way the Berlin wall must be torn down—long live independent Croatia and undivided Germany."

Many Changes Proposed In New Pa. Constitution Draft

PITTSBURGH (AP) — Fourteen study committees of the State Bar Association are preparing the final draft of a proposed new State Constitution to be submitted to the 1963 Legislature.

Association President William Schander told a luncheon meeting of the Allegheny County Bar Association Wednesday that the full text would be made public in January.

PROPOSED CHANGES

He said the proposed changes include:

1. Elimination of the grand jury system.
2. Abolition of state authorities.
3. Unification of the state's judicial system and elimination of the minor judiciary.
4. Modification of the judicial code giving the courts or legislature discretion in requiring jury trials in civil cases.

EXPECT OPPOSITION

Schnader admitted that a proposal to specify in the constitution that no religious or racial test be required as a qualification for public office would probably be opposed by some "on the grounds that we would be taking God out of the constitution."

The proposals, Schnader said, will also call for reorganization of the state's courts, providing for one Supreme Court, one Superior

Court, one Common Pleas Court and one Magistrates Court.

Also to be proposed is a provision for public hearings on state legislation, he said.

Schnader said the approximately 7,000 members of the state bar will be asked to vote on each proposal individually after the text is released.

Many Changes Proposed In New Pa. Constitution Draft

PITTSBURGH (AP) — Fourteen study committees of the State Bar Association are preparing the final draft of a proposed new State Constitution to be submitted to the 1963 Legislature.

Association President William Schander told a luncheon meeting of the Allegheny County Bar Association Wednesday that the full text would be made public in January.

PROPOSED CHANGES

1. Elimination of the grand jury system.
2. Abolition of state authorities.
3. Unification of the state's judicial system and elimination of the minor judiciary.
4. Modification of the judicial code giving the courts or legislature discretion in requiring jury trials in civil cases.

EXPECT OPPOSITION

Schnader admitted that a proposal to specify in the constitution that no religious or racial test be required as a qualification for public office would probably be opposed by some "on the grounds that we would be taking God out of the constitution."

The proposals, Schnader said, will also call for reorganization of the state's courts, providing for one Supreme Court, one Superior Court, one Common Pleas Court and one Magistrates Court.

Also to be proposed is a provision for public hearings on state legislation, he said.

Schnader said the approximately 7,000 members of the state bar will be asked to vote on each proposal individually after the text is released.

2 MILLIONS GO ANNUALLY TO SAN MARINO

By JAMES M. LONG
SAN MARINO (AP)—This oldest and tiniest republic has learned to make a lot out of a little.

There is no public debt or unemployment. There hasn't been a murder in over a century. With postage stamps and its fingernail polish, the 38-square mile country has no troubles that a good tourist season doesn't solve. Every year two million tourists come in to spend a little time and a lot of money among the 15,200 San Marinenses.

San Marino claims one further distinction. It is the only European country ever won back from communism.

MEDIEVAL LOOK
According to San Marino history, a persecuted Christian stone-mason fled here from Dalmatia and founded the republic 1,600 years ago. He later became St. Marinus and gave his name to the nation perched atop rocky Mt. Titano, 1,560 feet high and 12 miles inland from Rimini on Italy's Adriatic Coast.

The capital and sole city, San Marino, still looks medieval with its ancient walls, its three famous castles, and its cobbled streets too steep and too narrow for automobiles.

But San Marino bustles with modern ways.

Tiny factories and souvenir

shops provide so many jobs that 3,000 Italians commute to San Marino to bolster the working force.

Italy, which completely surrounds San Marino, pays the little country a million dollars a year because San Marino lets Italy collect its customs tax on imports.

San Marino does its own collecting on postage stamps, selling almost a million dollars' worth a year. Forty-five employees are kept busy in the post office selling them. The stamps are printed in Rome.

San Marino residents pay a 14 per cent tax on income. There is an additional tax of 5 to 8 per cent on direct profits from tourism.

EXPORT NAIL POLISH
San Marino's nail polish is exported all over the world. More than 1½ million bottles are sold annually.

After the war San Marino went Communist. The Communists lost the government in the strange revolution of 1957.

That started when Mother Superior Veronica Serri reopened a Catholic school at a convent which the Communist government had ordered closed.

CALLED ARMY OUT
The dispute over what to do about it grew bitter in the Grand Council, San Marino's ancient legislature. The Communist-Socialist alliance had 31 of 60 council seats, but two Socialists defected and joined the Christian Democrats.

Chief executives of San Marino are two joint captains-regent elected for six month terms by the council. The Communist and Socialist regents then in office, seeing their alliance jolted out of the majority, dissolved the council

and ordered new national elections.

They called out San Marino's 83-man volunteer army with its blue and silver uniforms and World War I rifles.

COMMUNISTS YIELDED

The regents ordered them to keep the grand council closed.

The Christian Democrats raised San Marino's blue and white flag over an abandoned iron foundry and declared themselves the legal government.

The situation was explosive. There were fist fights in Freedom Square before the 15th century government building. Armed men from both camps marched the streets.

Then, after a week of nerve-racking strain, moustached Domenico Morganti, the Communist interior minister, ordered his militia to yield.

ASK DISMISSAL OF LIBEL SUIT

SUNBURY, Pa. (AP)—Two Republicans sued for libel by Sen. Joseph S. Clark, Democrat, have asked the Northumberland County Court to dismiss the charges.

Clark said he was libeled in his successful campaign for re-election to the U.S. Senate by Henry W. Lark, Republican chairman of Northumberland County, and Robert E. Allen, chairman of a citizens committee for Scranton-Van Zandt.

Clark said the alleged libel was contained in a letter distributed as campaign literature. In asking dismissal of the ac-

India Seeking Support Of Other Nations Against Reds

By ALAN KENNEDY
NEW DELHI, India (AP)—India sent more troops to the Himalayas on Thursday and prepared to send more diplomatic teams abroad in a battle with Red China for the moral support of the non-aligned nations.

An Indian spokesman announced that in addition to two special diplomatic missions now in Africa and Asia, India will send teams to other parts of the nonaligned world as needed.

Their purpose will be to convince neutralists that India is right and cannot accept the Chinese terms for a settlement of their undeclared border war.

The Communist Chinese, at the same time were rushing their own diplomats and diplomatic messages to Rangoon, Cairo, Jakarta and Colombo to counter the Indian campaign.

British Commonwealth Secretary Duncan Sandys unexpectedly hurried back to New Delhi for a one-hour talk with Prime Minister Nehru. Sandys had been in Pakistan talking with President Mohammed Ayub Khan, trying to allay Pakistani fears that U.S. and British arms sent to India would be used against Pakistan.

tion Wednesday, Lark and Allen said Clark's complaint failed to show a relationship between them and the letter. They also said it had not been shown that the readers of the letter understood the words which Clark "feels to be defamatory."

In another court action, the Northumberland County grand jury dismissed charges that the warden and two turnkeys at the county jail permitted inmates to work at Republican headquarters the day before the Nov. 6 election.

can military installations.

Mansfield was accompanied by J. Caleb Boggs, R-Del., Clairborne Pell D-R.I. and Benjamin A. Smith, D-Mass.

West German Chancellor Konrad Adenauer probably will meet with French President Charles de Gaulle in Paris at the beginning of next year for further talks about French-German cooperation, government sources said in Bonn. No date has been set.

Jacqueline Kennedy's leopard skin coat may be changing the foreign policies of a small African nation. Prime Minister Abduracid Ali Scermarche of Somalia asked at a news conference in Washington if Mrs. Kennedy's recent purchase of a Somalia leopard skin coat had affected his nation's economy, replied: "The export of leopard skins is now restricted to some extent in our country. But

now that I see the fashion set by the First Lady here, I will see if we can change the policy."

3 Killed As Crane Topples 40 Feet

NEW YORK (AP)—Three Transit Authority workmen were killed when a 66-ton crane toppled 40 feet from an elevated subway track near Coney Island. Two men perished inside the cab and the third was killed in a fall to the ground.

The crane's 60-foot boom buckled while hoisting a load of prefabricated sections of track—rails with ties already affixed—for installation on the Independent Division subway line.

Victims who died in the wreckage of the crane were George Graves, 53, of Brooklyn, and Carmine de Meo, 57, of Bellmore, N.Y. Killed in the fall was Roland C. Capuano, 41, of Brooklyn who was directing operations from a catwalk.

YOUTH CLAIMS HE WAS TOLD TO LIE ABOUT AGE

PHILADELPHIA (AP) — Richard Harvey, 19, has testified that two men tried to force him to testify that he had lied about his age when he was served liquor at Lillian Reis' Celebrity Room.

Harvey was picked up in a raid on the Celebrity Room three months ago.

He told a hearing examiner of the State Liquor Control Board Wednesday that the two men threatened to beat him. The examiner was told that Harvey's 20-year-old companion was also threatened.

The men, John G. Albert, 28, listed as manager of the club, and George Poulos, 24, are being held for grand jury action on charges of subornation of perjury.

CLUB OFFICIAL

Miss Reis testified that she knew nothing of the threats. She said she was the secretary-treasurer of the night club.

She also testified that the man-

Two Tied For Lead In Hockey League

By THE ASSOCIATED PRESS

A flock of defensive lapses, including five by usually alert Detroit, has resulted in a log jam for the first four spots in the National Hockey League standings.

Detroit, which has the best defensive record in the league, set up New York with wide open opportunities and the Rangers blanked the Red Wings 5-0 Thursday night. Chicago flashed past hapless Boston 5-0 and Toronto blew a three-goal lead and had to settle for a 4-4 tie with Montreal in the other games.

Manager of the club is Mrs. Catherine Stano, mother of Ralph Stano. Miss Reis and Stano are co-defendants in a Pottsville burglary case in which police said \$500,000 was stolen from the home of John B. Rich. Miss Reis is awaiting a second trial on charges of masterminding the theft. Her first trial ended in a hung jury.

The hearing examiner, Martin R. Freedman, said he would file the hearing record and his recommendation to the Liquor Control Board, which could revoke the club's license if it sees fit.

Miss Reis testified that she knew nothing of the threats. She said she was the secretary-treasurer of the night club.

She also testified that the man-

A Lovelier You

By MARY SUE MILLER

PLAYING SANTA? Christmas shopping would be less of an endurance contest if we girls heeded the warning to do it early.

Now, before the crush sets in! Shopping expeditions might even become the delight they are meant to be, if only shoppers were better organized. A trusty plan of organization follows:

Before ever setting out, complete your gift list. Be sure to include names of all recipients, gift ideas for each and sizes where required. Also, for packages going directly from stores to recipients, write gift cards and enclose them in fully addressed envelopes. Then make an itinerary of stores and store floors where your needs are most likely to be filled.

Such planning saves you time, indecision and the tiresome re-tracing of steps. Your nerves and energy naturally benefit thereby. Stamina is bolstered further by dressing comfortably. That means a supporting girdle, well-fitted shoes with a low or medium heel, and clothing sufficiently light in weight to keep you from steaming once inside a store.

Cumbersome clothing of any kind, from weighted handbags to heavy boots, soon become a drag. So do travel light, or else make use of checking facilities.

Should fatigue begin to creep up, take time out to sip a hot beverage and to freshen your make-up. Above all, remember that a cheerful shopper is most apt to receive cheerful service. She gets the pick of gifts and has fun doing it.

YOUTH CLAIMS HE WAS TOLD TO LIE ABOUT AGE

PHILADELPHIA (AP) — Richard Harvey, 19, has testified that two men tried to force him to testify that he had lied about his age when he was served liquor at Lillian Reis' Celebrity Room.

Harvey was picked up in a raid on the Celebrity Room three months ago.

He told a hearing examiner of the State Liquor Control Board Wednesday that the two men threatened to beat him. The examiner was told that Harvey's 20-year-old companion was also threatened.

The men, John G. Albert, 28, listed as manager of the club, and George Poulos, 24, are being held for grand jury action on charges of subornation of perjury.

CLUB OFFICIAL
Miss Reis testified that she knew nothing of the threats. She said she was the secretary-treasurer of the night club.

She also testified that the man-

Two Tied For Lead In Hockey League

By THE ASSOCIATED PRESS
A flock of defensive lapses, including five by usually alert Detroit, has resulted in a log jam for the first four spots in the National Hockey League standings.

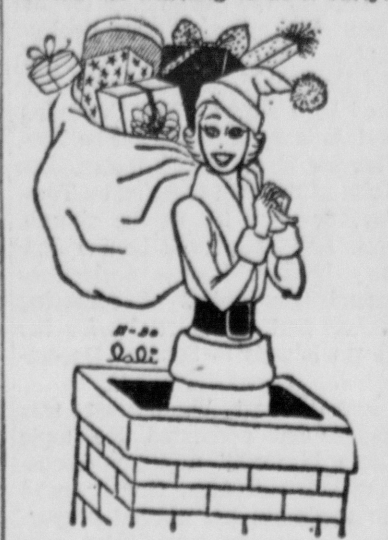

Detroit, which has the best defensive record in the league, set up New York with wide open opportunities and the Rangers blanked the Red Wings 5-0 Thursday night. Chicago flashed past hapless Boston 5-0 and Toronto blew a three-goal lead and had to settle for a 4-4 tie with Montreal in the other games.

ager of the club is Mrs. Catherine Staino, mother of Ralph Staino. Miss Reis and Staino are co-defendants in a Pottsville burglary case in which police said \$500,000 was stolen from the home of John B. Rich. Miss Reis is awaiting a second trial on charges of masterminding the theft. Her first trial ended in a hung jury.

The hearing examiner, Martin R. Freedman, said he would file the hearing record and his recommendation to the Liquor Control Board, which could revoke the club's license if it sees fit.

A Lovelier You

By MARY SUE MILLER
PLAYING SANTA? Christmas shopping would be less of an endurance contest if we girls heeded the warning to do it early.

Now, before the crush sets in! Shopping expeditions might even become the delight they are meant to be, if only shoppers were better organized. A trusty plan of organization follows:

Before ever setting out, complete your gift list. Be sure to include names of all recipients, gift ideas for each and sizes where required. Also, for packages going directly from stores to recipients, write gift cards and enclose them in fully addressed envelopes. Then make an itinerary of stores and store floors where your needs are most likely to be filled.

Such planning saves you time, indecision and the tiresome re-tracing of steps. Your nerves and energy naturally benefit thereby. Stamina is bolstered further by dressing comfortably. That means a supporting girdle, well-fitted shoes with a low or medium heel, and clothing sufficiently light in weight to keep you from steaming once inside a store.

Cumbersome clothing of any kind, from weighted handbags to heavy boots, soon become a drag. So do travel light, or else make use of checking facilities.

Should fatigue begin to creep up, take time out to sip a hot beverage and to freshen your make-up. Above all, remember that a cheerful shopper is most apt to receive cheerful service. She gets the pick of gifts and has fun doing it.

CLUES TO GOOD CARRIAGE
For a lovelier figure, walk with the grace that nature intended! To check or improve on your ability, send for "CLUES TO GOOD CARRIAGE," my leaflet giving complete instructions on shoes, stockings and walking techniques that enhance both carriage and legline. STRIKE STOPS CLEVELAND'S PLAIN DEALER

CLEVELAND, Ohio (AP) — A surprise Teamsters Union strike against the city's two major daily newspapers today caused one of them—the Plain Dealer—to cease publication. The editor of the other—the Press and News—expressed optimism his paper would keep publishing.

Teamsters Local 473 began picketing the Plain Dealer and the Press and News in a contract dispute Thursday night. Stacks of newspaper bundles piled up on the morning Plain Dealer's loading dock as the pickets walked around. The papers were undelivered.

Thomas V. H. Vail, vice president of the Forest City Publishing Co., publisher of the Plain Dealer, notified Plain Dealer employees that publication of the newspaper would be discontinued until the strike is settled.

Louis B. Seltzer, editor of the Press and News, said he was "going ahead on the assumption we will publish" despite the Teamster picket line.

A Plain Dealer official said the strike came as a surprise after a day of quiet negotiations and expressed hope the strike would end as suddenly as it began.

At Thursday's negotiating session, Vail reported, "The papers made their first money offer of \$3 per week this year and another \$3 next year."

John Marmon, president of Local 473, said the union had asked a \$10 weekly increase this year. A company put the present wage scale at \$125.85 maximum a week for a 37½-hour week.

How to travel in luxury without really flying

The new '63 Chevrolet has captured the silence and effortless ease of jet flight and translated it to highway travel. Every new Chevrolet, whether it's a luxury Impala, a low-priced Bel Air or a Biscayne, now has self-adjusting brakes, a Delcotron generator to extend battery life, and the ingenious new flush-and-dry system that takes air and rain water from the cowl and rinses corrosive elements out of the

rocker panels where rust usually begins. A test drive will amaze you. The suspension, with coil springs at all four wheels, treats back roads, car tracks, gravel as though they were billiard-table smooth. The engine whisks you away from traffic lights or steps safely out to pass slower cars without once intruding on your privacy. When you're driving a Chevrolet, you don't take a back seat to anyone!

2 MILLIONS GO ANNUALLY TO SAN MARINO

By JAMES M. LONG

SAN MARINO (AP)—This oldest and tiniest republic has learned to make a lot out of a little.

There is no public debt or unemployment. There hasn't been a murder in over a century. With postage stamps and its fingernail polish, the 38-square mile country has no troubles that a good tourist season doesn't solve. Every year two million tourists come in to spend a little time and a lot of money among the 15,200 San Marinenses.

San Marino claims one further distinction. It is the only European country ever won back from communism.

MEDIEVAL LOOK

According to San Marino history, a persecuted Christian stone-mason fled here from Dalmatia and founded the republic 1,600 years ago. He later became St. Marinus and gave his name to the nation perched atop rocky Mt. Titano, 1,560 feet high and 12 miles inland from Rimini on Italy's Adriatic Coast.

The capital and sole city, San Marino, still looks medieval with its ancient walls, its three famous castles, and its cobbled streets too steep and too narrow for automobiles.

But San Marino bustles with modern ways.

Tiny factories and souvenir

shops provide so many jobs that 3,000 Italians commute to San Marino to bolster the working force.

Italy, which completely surrounds San Marino, pays the little country a million dollars a year because San Marino lets Italy collect its customs tax on imports.

San Marino does its own collecting on postage stamps, selling almost a million dollars' worth a year. Forty-five employees are kept busy in the post office selling them. The stamps are printed in Rome.

San Marino residents pay a 14 per cent tax on income. There is an additional tax of 5 to 8 per cent on direct profits from tourism.

EXPORT NAIL POLISH

San Marino's nail polish is exported all over the world. More than 1 1/4 million bottles are sold annually.

After the war San Marino went Communist. The Communists lost the government in the strange revolution of 1957.

That started when Mother Superior Veronica Serri reopened a Catholic school at a convent which the Communist government had ordered closed.

CALLER ARMY OUT

The dispute over what to do about it grew bitter in the Grand Council, San Marino's ancient legislature. The Communist-Socialist alliance had 31 of 60 council seats, but two Socialists defected and joined the Christian Democrats.

Chief executives of San Marino are two joint captains-regent elected for six month terms by the council. The Communist and Socialist regents then in office, seeing their alliance jolted out of the majority, dissolved the council and ordered new national elections.

They called out San Marino's 83-man volunteer army with its blue and silver uniforms and World War I rifles.

COMMUNISTS YIELDED

The regents ordered them to keep the grand council closed.

The Christian Democrats raised San Marino's blue and white flag over an abandoned iron foundry and declared themselves the legal government.

The situation was explosive. There were fist fights in Freedom Square before the 15th century government building. Armed men from both camps marched the streets.

Then, after a week of nerve-racking strain, moustached Domenico Morganti, the Communist interior minister, ordered his militia to yield.

West German Chancellor Konrad Adenauer probably will meet with French President Charles de Gaulle in Paris at the beginning of next year for further talks about French-German cooperation, government sources said in Bonn. No date has been set.

Jacqueline Kennedy's leopard skin coat may be changing the foreign policies of a small African nation. Prime Minister Abdurassid Ali Scermarche of Somalia asked at a news conference in Washington if Mrs. Kennedy's recent purchase of a Somalia leopard skin coat had affected his nation's economy, replied: "The export of leopard skins is now restricted to some extent in our country. 3 Killed As Crane Topples 40 Feet

NEW YORK (AP)—Three Transit Authority workmen were killed when a 66-ton crane toppled 40 feet from an elevated subway track near Coney Island. Two men perished inside the cab and the third was killed in a fall to the ground.

The crane's 60-foot boom buckled while hoisting a load of prefabricated sections of track—rails with ties already affixed—for installation on the Independent Division subway line.

Victims who died in the wreckage of the crane were George Graves, 53, of Brooklyn, and Carmine de Meo, 57, of Bellmore, N.Y. Killed in the fall was Roland C. Capuano, 41, of Brooklyn who was directing operations from a catwalk.

ASK DISMISSAL OF LIBEL SUIT

SUNBURY, Pa. (AP)—Two Republicans sued for libel by Sen. Joseph S. Clark, Democrat, have asked the Northumberland County Court to dismiss the charges.

Clark said he was libeled in his successful campaign for re-election to the U.S. Senate by Henry W. Lark, Republican chairman of Northumberland County, and Robert E. Allen, chairman of a citizens committee for Scranton-Van Zandt.

Clark said the alleged libel was contained in a letter distributed as campaign literature.

India Seeking Support Of Other Nations Against Reds

By ALAN KENNEDY

NEW-DELHI, India (AP)—India sent more troops to the Himalayan front Thursday and prepared to send more diplomatic teams abroad in a battle with Red China for the moral support of the non-aligned nations.

An Indian spokesman announced that in addition to two special diplomatic missions now in Africa and Asia, India will send teams to other parts of the nonaligned world as needed.

Their purpose will be to convince neutralists that India is right and cannot accept the Chinese terms for a settlement of their undeclared border war.

The Communist Chinese, at the same time were rushing their own diplomats and diplomatic messages to Rangoon, Cairo, Jakarta and Colombo to counter the Indian campaign.

British Commonwealth Secretary Duncan Sandys unexpectedly hurried back to New Delhi for a one-hour talk with Prime Minister Nehru. Sandys had been in Pakistan talking with President Mohammed Ayub Khan, trying to allay Pakistani fears that U.S. and British arms sent to India would be used against Pakistan.

tion Wednesday, Lark and Allen said Clark's complaint failed to show a relationship between them and the letter. They also said it had not been shown that the readers of the letter understood the words which Clark "feels to be defamatory."

In another court action, the Northumberland County grand jury dismissed charges that the warden and two turnkeys at the county jail permitted inmates to work at Republican headquarters the day before the Nov. 6 election.

Sandys would not say what he and Nehru talked about.

In the military field all eyes will be on the Himalayas Saturday. The Chinese have promised to begin withdrawing their troops that day from substantial parts of the areas they have sized.

Some Western military observers find it hard to believe the Chinese actually will pull back.

PEOPLE IN THE NEWS

Gov. Elbert N. Carvel says recent publicity about Delaware's whipping post has been damaging to Delaware and to the whole United States.

"I have gone on record before as being opposed to mandatory lashing," Carvel told a news conference at Dover. "I have always been against cruel and inhuman punishment."

Delaware is the only state which still has a whipping post. No one had been whipped over the past 10 years but the controversy was stirred Nov. 13 when Judge Stewart Lynch reinstated a sentence of 20 lashes on Franklin W. Cannon, 19, of Dover, for parole violation. Lynch has set no date for the lashing.

Senate Majority Leader Mike Mansfield of Montana and three other senators arrived at Saigon, Viet Nam, for a four-day visit to the Southeast Asian nation torn by civil war.

The group is on a fact-finding mission for President Kennedy and is expected to confer with U.S. and Vietnamese military and political leaders and visit Ameri-

HOLD UNUSUAL MEETING OF CLUBWOMEN

The Woman's Community Club of Littlestown and Vicinity held its November meeting on Wednesday evening in the social room of the Eagles Home, W. King St. The program theme was "Table Fashions," in an unusual presentation with all members of the club participating. Nine separate tables were set by nine committees. There was a formal setting, several interchangeable bridge or tea settings, a New Year's setting, a hobo table, and a repeat of the prize winning table setting last year in Gettysburg at the Episcopal Prince of Peace Church sponsored event. Mrs. Marvin F. Breighner served as the evening's program chairman.

Refreshments, in keeping with the Thanksgiving season, were served by the international affairs committee, Mrs. Robert H. Miller, chairman.

The business session followed the program and was in charge of the president, Mrs. Edward H. Leister. The opening included the pledge of allegiance, the National Anthem and the club collect. Mrs. Anna B. Leach, assistant secretary, and Mrs. Sterling J. Wisotzky, treasurer, gave their reports. Mrs. Leister described the Lancaster WGAL-TV tour which provided the program for the October meeting. Mrs. Alice F. Rebert, who was chairman of the committee for October, read a note of appreciation from the college girl guide who conducted the tour.

DONATION TO LIBRARY

Mrs. Joseph R. Riden reported that a new table and eight chairs had been purchased for the local free lending library with funds provided from the proceeds of the club card party in the spring. The resignation of Mrs. Carmen Slick was accepted with regret. Card of thanks were read from Mrs. Carroll E. Arter, Mrs. C. Donald Bowser and Mrs. Emerson F. Muller.

The Junior Woman's Club of Littlestown presented a request for assistance from members of the Community Club to help police school children at the square. Volunteers are asked to give their names to Mrs. Leister. A revised blood donor list has been received by the club following the VFW and Auxiliary-sponsored blood typing program. The list will be in the care of the home life department, Miss Malva Dutera, chairman, and anyone needing a contact at any time should get in touch with her.

PARTY DEC. 26

A large number of items were received for the Christmas welfare baskets and anyone who has not donated, but would like to do so, may leave the contributions of foodstuffs or cash with Mrs. Charles W. Weikert, 23 W. King St. The cheer committee, Mrs. George C. DeHoff, chairman, Mrs. J. Harvey Pettyjohn, Mrs. Vernon Snyder, Mrs. John W. LeGore, Mrs. Wilbur A. Bankert, Mrs. Howard Study, held a separate meeting Wednesday to make plans to pack the baskets on Saturday, December 22. Suggestions of names of recipients should be given to Mrs. DeHoff.

The club executive board will meet in January. The annual Christmas party will be held on Wednesday, December 26, and club members were invited to the home of Mrs. Luther W. Ritter, Glenwyn Dr. There will be a \$1 gift exchange. Arrangements will be in charge of the public affairs department, consisting of Mrs. J. The latter group also demonstrated folk dancing. Modern dancing concluded the program and the Senior girls, working in groups, first danced to "Hernando's Hideaway" and then made up their own movements. Miss Miriam Bowers, student teacher from Gettysburg College, now in the physical education department, instructed the girls in modern dancing for the past several weeks.

The assembly concluded with remarks by Frank E. Basehoar, high school principal.

POPE MAKING IMPROVEMENT; HAS NO CANCER

By JAMES M. LONG
VATICAN CITY (AP) — Pope John XXIII is making a good recovery, with medical treatment "obtaining the hoped for results" in his battle against anemia, a Vatican spokesman said today.

The 81-year-old pontiff got out of his sick bed briefly again this morning and "occupied himself with some problems regarding the government of the Church, giving the relative dispositions," the spokesman added.

It was the second time he had been able to get up since he was stricken Tuesday.

Vatican sources said the Pope's doctor was concerned, however, that he was rushing things in his determination to get back to work.

"As soon as he feels a bit better, he wants to get out of bed," Dr. Antonio Gasbarrini was quoted as saying. "It is difficult to keep him there."

There were widespread—but unconfirmed—reports the Pope has a stomach ulcer.

Dr. Gasbarrini was quoted by the Milan paper Il Giorno as denying "speculation the Pope suffers from cancer of the prostate."

Dr. Gasbarrini, 80, was quoted as explaining about the pontiff's condition:

"Certainly he is prostatic. Everybody is at his age, including me. But there is absolutely no cancer."

Il Giorno also said Gasbarrini denied that surgery was contemplated. There have been reports in Rome papers—and among sources at the Ecumenical Council of prelates meeting in Rome—that the Pope might have to be operated on for a long-troublesome prostate condition.

Long Beach Chiefs Keep On Winning

By THE ASSOCIATED PRESS
It doesn't seem to matter to the Long Beach Chiefs where they play. At home, on the road, in foreign countries, in nonleague cities, the result is the same. They keep on winning.

The streaking Chiefs won their eighth straight in an unbeaten season Thursday night, crushing Chicago 103-74 on a neutral court in nonleague Rochester, N. Y.

The victory was Long Beach's second straight over Chicago on the current tour for the American Basketball League teams. It followed a 96-87 triumph in Toronto the night before.

Kansas City edged Oakland 101-99 in overtime in the only other Thursday ABL game schedule.

KELSO EYING \$50,000 RACE

By JOHN CHANDLER
Associated Press Sports Writer
Kelso, American champion thoroughbred for an unprecedented third consecutive year, will attempt to join the exclusive millionaires' club Saturday by winning the \$50,000-added Governors' Plate at Garden State Park.

The race, at 1½ miles is the major attraction for the Northern racing season nearing a close.

A small field is expected at Garden State, which closes next Wednesday. Kelso, who finished second to France's Match 2nd in the Washington D.C. International at Laurel in his last start, is the world's fifth leading money winner with \$976,890.

The Governor's Plate, worth about \$32,000 to the winner, will be Kelso's last race of the season. Ismael Valenzuela, rides the 5-year old gelding, who will carry top weight of 129 pounds.

Round Table, Nashua, Carry Back and Citation are the four present members of the million dollar club. Carry Back was retired to the stud after finishing third in the Laurel International. The Florida-bred star will make his final public appearance in a parade at Tropical Saturday preceding the feature.

Sensitive, winner of the Gallant Fox and the Display Handicaps, the last two Saturdays at Aqueduct, is a possible starter against Kelso. Others include Polyad, Bass Clef, Montparnasse II and Viny Ridge.

POPE MAKING IMPROVEMENT; HAS NO CANCER

By JAMES M. LONG
VATICAN CITY (AP) — Pope John XXIII is making a good recovery, with medical treatment "obtaining the hoped for results" in his battle against anemia, a Vatican spokesman said today.

The 81-year-old pontiff got out of his sick bed briefly again this morning and "occupied himself with some problems regarding the government of the Church, giving the relative dispositions," the spokesman added.

It was the second time he had been able to get up since he was stricken Tuesday.

Vatican sources said the Pope's doctor was concerned, however, that he was rushing things in his determination to get back to work.

"As soon as he feels a bit better, he wants to get out of bed," Dr. Antonio Gasbarrini was quoted as saying. "It is difficult to keep him there."

There were widespread—but unconfirmed—reports the Pope has a stomach ulcer.

Dr. Gasbarrini was quoted by the Milan paper Il Giorno as denying "speculation the Pope suffers from cancer of the prostate."

Dr. Gasbarrini, 80, was quoted as explaining about the pontiff's condition:

"Certainly he is prostatic. Everybody is at his age, including me. But there is absolutely no cancer."

Il Giorno also said Gasbarrini denied that surgery was contemplated. There have been reports in Rome papers—and among sources at the Ecumenical Council of prelates meeting in Rome—that the Pope might have to be operated on for a long-troublesome prostate condition.

Long Beach Chiefs Keep On Winning

By THE ASSOCIATED PRESS

It doesn't seem to matter to the Long Beach Chiefs where they play. At home, on the road, in foreign countries, in nonleague cities, the result is the same. They keep on winning.

The streaking Chiefs won their eighth straight in an unbeaten season Thursday night, crushing Chicago 103-74 on a neutral court in nonleague Rochester, N. Y.

The victory was Long Beach's second straight over Chicago on the current tour for the American Basketball League teams. It followed a 96-87 triumph in Toronto the night before.

Kansas City edged Oakland 101-99 in overtime in the only other Thursday ABL game schedule.

KELSO EYING \$50,000 RACE

By JOHN CHANDLER

Associated Press Sports Writer

Kelso, American champion thoroughbred for an unprecedented

third consecutive year, will attempt to join the exclusive mil-

lennaires' club Saturday by winning the \$50,000-added Governors' Plate at Garden State Park.

The race, at 1½ miles is the major attraction for the Northern racing season nearing a close.

A small field is expected at Garden State, which closes next

Wednesday. Kelso, who finished second to France's Match 2nd in the Washington D.C. International

at Laurel in his last start, is the world's fifth leading money

winner with \$976,890.

The Governor's Plate, worth about \$32,000 to the winner, will

be Kelso's last race of the season. Ismael Valenzuela rides the 5-

year old gelding, who will carry top weight of 129 pounds.

Round Table, Nashua, Carry Back and Citation are the four

present members of the million dollar club. Carry Back was re-

turned to the stud after finishing third in the Laurel International.

The Florida-bred star will make his final public appearance in a

parade at Tropical Saturday preceding the feature.

Sensitive, winner of the Gallant Fox and the Display Handicaps

the last two Saturdays at Aqueduct, is a possible starter against

Kelso. Others include Polyad, Bass Clef, Montparnasse II and

Vimy Ridge.

SEEKING FOR LAST OF NINE FIRE VICTIMS

RENOVO, Pa. (AP) — Authorities resume today the grim task of searching for the last two bodies in a fire that claimed nine members of one family.

Another difficult task facing them was identification of Mr. and Mrs. Walter N. Brown and seven of their ten children who perished Thursday when fast-spreading flames leveled their two-story frame dwelling in the village of Keating.

Coroner R. Leroy Bryerton of Clinton County said the fire may have been caused by defective wiring. Another possibility was an overheated heater, turned up to ward off pre-dawn temperatures of 16 above zero.

WENT VERY FAST

Two bear hunters discovered the flames. One of them made a quick, but fruitless search of the home while the other drove for help.

Thomas Roth of Camp Hill, R. D., who summoned aid, said Thursday night the fire "didn't look very bad when we first spotted it, but it was an inferno a few minutes later." He added: "We were headed for our camp when we saw the fire. I dropped off John Hutchinson (of Faust Valley, Pa.) and drove to the hotel about 150 yards away to call for help.

"Hutchinson went into the house and called out to find out whether anybody was home. Nobody answered and he figured the house was empty.

"When I went in the hotel, there were some flames near the front of the house, and when I came out, the whole building was burning."

Death Claims Ralph "Red" Kress

LOS ANGELES AP — Ralph (Red) Kress, who spent more than 25 years in the major leagues as a player and coach, is dead of a heart attack.

Kress, 55, was on the coaching staff of the New York Mets last season. His manager, Casey Stengel, said he was the hardest working coach I ever saw and "a great inspiration."

Kress died late Wednesday night at his home in suburban Canoga Park. He had taken an annual physical checkup only a week before and appeared to be in good health.

Kress played in the majors a dozen years, first with the old St.

INTEGRATION IS ONLY TOKEN ACTION SO FAR

By THE ASSOCIATED PRESS
White schools in key Southern cities have admitted Negroes under court orders, but for the most part there is only token integration.

Involved in this token compliance are a tangle of local problems, prejudices, concern and conflicting views about integration—how fast and how much.

Racial integration as envisioned by the U.S. Supreme Court's 1954 school decision is not a reality in such important testing grounds as Little Rock, Ark.; Clinton, Tenn.; Atlanta; Norfolk, Va.; New Orleans; Raleigh, N.C., and Oxford, Miss.

38 AMONG 1,100
Clinton, Tenn.—one of the first scenes of violence after the Supreme Court decision—has more than 1,100 pupils in its schools. Of that number, 38 are Negroes.

Tennessee and Texas have moved further toward integration than other states of the South.

Desegregation moves slowly, though peacefully, in Tennessee. In Nashville, 490 Negroes attend previously white schools through the first six grades under the

grade-a-year plan. Twenty-two of the state's school districts are desegregated.

68 IN LITTLE ROCK
Texas has many school districts completely integrated with no Negro schools remaining. In metropolitan areas there are integrated schools, white schools and Negro schools. A few more districts are integrated each year.

In Little Rock, five years after fighting brought in federal troops, 68 Negroes are enrolled in eight formerly white schools.

"Integration here is tolerated but not accepted," said Amis Guthridge, president of the segregationist Capital Citizens Council in Little Rock.

Everett Tucker Jr., school board president, believes desegregation has been accomplished in Little Rock. But board member Ted Lamb said he considers it only token integration.

DON'T ASK TRANSFERS
In Norfolk—One of three Virginia cities where schools were shut down by the governor in 1958 to prevent integration—the change has been accepted. Negroes, nevertheless, have shown little interest in transferring to former all white schools.

The net result is "tokenism." Norfolk has 115 Negro pupils attending integrated schools. Although about 1,500 Negro children live closer to formerly white schools than to Negro schools, relatively few have asked for

New Orleans, another trouble spot when the change came, has entered its third year of school desegregation. In 20 desegregated schools with 98,780 pupils, there are only 107 Negroes.

"We have integrated in accordance with the court orders—no more and no less," said Superintendent Perry Walker.

MOVE IN 2 STATES
In its second year of a grade-a-year plan, the Atlanta system now has 44 Negroes in 10 schools that once were for white pupils only.

In Raleigh, N.C., one of the factors involved in the school situation was demonstrated when four Negro pupils transferred upon their own requests back to Negro schools.

Geographic assignment has put about 460 Negroes in formerly white North Carolina schools this term.

In Mississippi, James H. Meredith—kept in the University of Mississippi under federal guard—is the lone instance of desegregation.

And in Alabama and South Carolina, there is no integration at all—token or otherwise.

HAD 100,000 ALERTED FOR USE IN CUBA

BY FRED S. HOFFMAN
WASHINGTON (AP) — The United States might have been left with few readily maneuverable Army and Marine divisions to deal with other crises if it had launched an invasion of Cuba.

Perhaps for that reason, it was evident U.S. military chiefs counted on a swift, pulverizing stroke to knock out Fidel Castro's forces and Soviet-manned missiles bases.

The Defense Department disclosed Thursday that more than 100,000 troops in the Strategic Army Corps had been alerted for possible use against Cuba in the recent crisis.

ALL THE PARATROOPS

This represented five of the eight divisions in STRAC, the force maintained by the Army in the United States as a reserve to be rushed overseas in event of emergencies.

Two of the five divisions earmarked for the Cuban operation were the only paratroop outfits in the Army. The 82nd Airborne and the 101st Airborne Divisions, normally would be the first to go in any hurry-up "fire brigade" operation.

Over-all, the Army has 16 divisions.

HAD 100,000 ALERTED FOR USE IN CUBA

BY FRED S. HOFFMAN

WASHINGTON (AP) — The United States might have been left with few readily maneuverable Army and Marine divisions to deal with other crises if it had launched an invasion of Cuba.

Perhaps for that reason, it was evident U.S. military chiefs counted on a swift, pulverizing stroke to knock out Fidel Castro's forces and Soviet-manned missile bases.

The Defense Department disclosed Thursday that more than 100,000 troops in the Strategic Army Corps had been alerted for possible use against Cuba in the recent crisis.

ALL THE PARATROOPS

This represented five of the eight divisions in STRAC, the force maintained by the Army in the United States as a reserve to be rushed overseas in event of emergencies.

Two of the five divisions earmarked for the Cuban operation were the only paratroop outfits in the Army. The 82nd Airborne and the 101st Airborne Divisions, normally would be the first to go in any hurry-up "fire brigade" operation.

Over-all, the Army has 16 di-

visions. In addition to the eight in the United States, five are pinned down in West Germany facing the Iron Curtain, two are in South Korea confronting the Communists in North Korea and one division is split between Hawaii and Okinawa.

12,000 MARINES

The Pentagon's roundup of military actions in the Cuban crisis indicated that about 12,000 Marines—nearly the equivalent of a full division—were committed to the Cuban operation.

They were sent in to reinforce the U.S. Naval Base at Guantanamo or were embarked with the Atlantic Fleet preparatory to landings or helicopter-borne attack on Cuba.

A 10-page Pentagon summary showed that at least 213,000 Army, Navy, Marine and Air Force fighting men either were on special alert or in position to strike at Cuba and defend the southeastern United States.

MASSIVE AIR ALERT

About 85,000 of these were aboard 183 Navy warships that blockaded Cuba and were set to turn their missiles, guns and jets against Cuba if the order were given.

The Defense Department's report said the Air Force's Strategic Air Command mounted a "massive airborne alert" of many of its 600 B52 heavy jet bombers. The rest of the B52s and about 1,000 B47 bombers were on their runways, primed to take off combat-loaded within 15 minutes after warnings.

ADVERTISE IN THE TIMES

WILL TIGHTEN U.N. PRESSURE

By TOM HOGUE

UNITED NATIONS, N.Y. (AP) — Acting Secretary-General U. Thant sends his chief military adviser to the Congo today to tighten pressure on Katanga President Moise Tshombe and try to end the secession of the province.

Thant ordered Brig. I. J. Rikhye to relay to the U. N. Congo Command his new tough policy against Tshombe and to bolster the U.N.'s military position in the rebellious province.

Rikhye was to consult with U.N. field commanders on deployment of new planes, antiaircraft units and ground troops that U.N. members have offered to help beef up the U.N. military force in the Congo. Italy is sending four jet fighter planes to the

Congo. Sweden has offered four fighters and two reconnaissance planes.

Rikhye, an Indian, also planned to go to New Delhi to seek retention of some 5,500 Indian troops, the largest contingent in the U.N. force of 18,000 men. India has said they may have to be pulled out to help in the fight against Communist China.
